Tiny Daughter Of Mr. And Mrs. H. Wellbourn Named In Baptism

Shirley Violet Edna were the names bestowed on the small daughter of Mr. and Mrs. H. Wellbourn of Cawston, when she was the principal in a christening ceremony held Sunday at the home of Miss E. Dunnet, of Cawston.

Rev. G. T. Patterson of St. Edwards Anglican Church, Oliver, officiated at the ceremonies.

Mr. and Mrs. C. Luxon of Keremeos, were godparents for the tiny girl, who was baptised in a gown worn by her father at the time of his christening.

Preparations For Valentine Dance By Local Nurses

The Bishop of the Kootenays, Rt. Rev. F. P. Clark, will come to Penticton February 10 and while here will induct Rev. A. R. Eagles as rector of St. Saviour's Anglican Church and also preach the Sunday sermon.

A Dewar and daughter, Miss Dorothy Dewar, travelled to Kamloops Sunday to meet Mrs. Dewar and son, Duncan, who were returning from a holiday visit in Inverness, Scotland, and London, England.

Miss Joyce Egan of Keremeos was a visitor Saturday in Penticton.

Red paper hearts and crepe paper flowers, ribbons and more and more colored crepe paper for novelty favors and hats are items of interest to many local nurses, who are in a flurry of preparations for the annual St. Valentine's dance to be held February 14 in the Legion Hall under the sponsorship of the Penticton Chapter Registered Nurses' Association of B.C.

As all proceeds of the dance will go toward the Hospital Furnishing Fund, expenses are being kept at a minimum by the committees in charge of arrangements.

All favors and dance decorations, which will be both original and novel, are being made by the nurses under the convenship of Miss Helen McTavish, R.N.

Mrs. Richard Gale, general chairman of arrangements for the nurses' annual dance, has several capable conveners working with her.

Mrs. Edgar Boulding will be in charge of the refreshments for the evening.

Valentine dance tickets can be purchased at one of Penticton's four drug stores or at the Penticton Hospital.

LOIS MARSHALL, accomplished concert artist, will give a recital in the United Church on Friday under the sponsorship of the Penticton Business and Professional Women's Club. An all-Canadian concert star, Miss Marshall was the 1950 winner of the nation-wide "Singing Stars of Tomorrow" contest.

Bridal Gown Of Lace And Satin For Darlene Foster

French lace and gleaming white satin were fashioned into the lovely gown worn by Darlene Foster for her marriage to George Robert Pelton solemnized by Rev. Ernest Rands in the Penticton United Church Saturday evening at seven o'clock.

Styled with a full gathered skirt overdaped with a peplum of the imported lace, the bride's gown had a fitted bodice of lace and satin studded with rhinestones, a tiny lace collar and lily-point sleeves.

An illusion veil misted from a coronet of satin and pearls to flow to train length over the bridal gown. Blue pink carnations and white chrysanthemums formed the bride's shower bouquet.

Given in marriage by her father, the bride, daughter of Mr. and Mrs. Lloyd Ross Foster, was attended by Miss Lenore Tebo and Miss Freda Bassett.

Both bridesmaids wore pink for the wedding. Miss Tebo chose a gown of broadened satin with a ballerina length skirt and Miss Bassett wore a floor length frock of nylon net. Their bouquets were of yellow daffodils and pink carnations.

Frank Neads was bestman for the son of Mr. and Mrs. Robert Pelton of Cranbrook.

Mrs. Monica Craig Fisher was

church organist and ushers were Donald Estabrook and Glen Geldreich.

Following the ceremony a large reception was held in the Glangarry Room of the Prince Charles Hotel.

Assisting in receiving the guests, the bride's mother was smartly attired in a cinnamon brown ensemble with a yellow corsage and the groom's mother wore a gown of deep pink colored crepe with matching accessories. Her corsage was of pink carnations.

A three-tier wedding cake centered the beautifully appointed bridal table decorated with varied spring blooms.

The bride's toast was proposed by Peter Vereshagen. The bestman gave the toast to the bridesmaids.

Many messages of congratulations for the young couple from distant relatives and friends were read.

Miss Doris Reeder and Miss Betty Chapman were servers at the reception.

The bride donned a brown gabardine suit with amber accessories for a motor trip honeymoon to the States. On their return the newlywed couple will reside in Penticton.

Out of town guests were Mr. and Mrs. Robert Pelton, Cranbrook; Mr. and Mrs. Ray Jacobs, Lumby, and Floyd Carston, Summerland.

BABY Contest

ENTRY FEE 3.50 INCLUDES MOUNTED 8x10 Photograph valued at 8.50 of Your Baby!

Guide News

Mrs. E. A. Titchmarsh, division commissioner of the South Okanagan Girl Guides Association, was the honored guest at a surprise gathering of members from throughout the division Saturday afternoon in the Red Cross Centre.

Mrs. A. E. Bonnett, on behalf of the South Okanagan Girl Guides Association, presented Mrs. Titchmarsh with Girl Guide's Certificate of Merit for good service in the movement.

Following Mrs. Titchmarsh's remarks of thanks she spoke about the National Girl Guide Camp near Ottawa in July, 1952, where eight Guides, three Rangers and one Leader from the South Okanagan will camp. The necessary funds are being raised in the various towns mainly by "Rolling Teas" and contributions.

Miss Donna Longmore and Hugh Kerr of Vancouver will be guests this week-end at the home of the former's parents, Mr. and Mrs. A. T. Longmore, Skaha Lake.

Mr. and Mrs. W. X. Perkins left Monday to motor south for a holiday visit in California.

PRIZES!

First Prize — One 11"x14" Photograph of Baby, colored and framed, valued at 20.00

Second Prize — Two, 5"x7" Photos valued at 16.00

Summary Of Year's Activities Given At Kiwassa Meeting

At the first meeting of the year held by the Kiwassa Club January 23 at the home of Mrs. W. A. Rathbun various reports on the past year's activities were read. The newly chosen president, Mrs. M. H. Wright, and others assumed office for 1952 and plans were laid for several projects to be undertaken this year by the organization.

Mrs. O. E. Long, the retiring president of the club, thanked the members for their support during the year and commented on the fine club spirit and its pleasing financial condition.

A summary of the club's activities was given by Mrs. Lynn Soney in her secretary's report.

The Kiwassa Club members have assisted at the "Well Baby Clinic" represented the club at Girl Guide meetings and assisted the Kiwanis Club on "National Kids' Day".

The club pledged \$250 to the Hospital Furnishing Fund, gave \$25 to the Local Welfare Society for

Christmas hampers and set aside \$250 to be used for playground equipment for the Kiwanis Park.

When Mrs. Wright assumed her new office the question of the year's money raising project arose and it was decided to again sponsor the "Kiwassa Carnival", which had proven such a financial success last year.

November 22 was the date chosen to hold the affair this year.

Mrs. W. A. Marlow was appointed refreshment convener for the year and Mrs. H. H. Calloway will continue to send the "get-well" cards to club members.

Four new members were welcomed to the club. Mrs. R. A. Patterson, Mrs. W. A. Lougheed, Mrs. J. G. Murdoch and Mrs. G. P. Arsons.

At the close of the business session of the evening refreshments were served by Mrs. H. C. Kipp, Mrs. Robert Pollock, Mrs. Maurice Schull and Mrs. Harry Calloway.

Itching Scalp

A Simple Home Treatment
If your scalp has broken out with ugly surface rashes or irritations—DON'T DIG with finger nails as that only serves to make it worse, and spreads it. Go to your drug-store today—get a bottle of MOON'S EMERALD OIL and use this mixed with an equal quantity of olive oil. It's easy to use—all you do is apply to the scalp with your finger tips gently rubbing in to the roots of the hair. Do this at least once a day and about every fourth day shampoo using a good soap. Soon you'll find this combination start right in—promoting faster healing. Continue the treatment until relieved and the loose flaking dandruff has disappeared. You can obtain MOON'S EMERALD OIL wherever drugs are sold. Neve-Newton Pharmacy Ltd.

"Fireside" Popular With Church Congregation

Miss Ruth Simpson, dean of women at the Naramata Christian Leadership Training School, participated in the entertainment held during the "Fireside Hour" Sunday evening in the Penticton United Church parlors.

Approximately 100 were in attendance at the meeting, the first held in a year in a weekly series of friendly gatherings.

Scheduled for each Sunday night following the church service, these meetings are very popular with members of the church congregation.

Miss Simpson led the sing-song which was part of the entertainment program of the evening.

"Your Fashion Cue For '52" Theme Of Junior Aux. Show

The fashion show committee of the Junior Women's Hospital Auxiliary meeting Tuesday at the home of Mrs. Tommy Walker chose "Your Fashion Cue For '52" as the theme of the annual fashion parade to be presented March 22 in the school cafeteria under the sponsorship of the Junior Auxiliary.

Detailed plans for the forthcoming affair were outlined by co-conveners, Mrs. Tommy Walker and Mrs. Ernie M. Gibbs.

Mrs. Ron Westad will be commentator at the show which will be presented twice, once in the afternoon when tea will be served to the patrons and again in the evening.

A musical comedy for the evening affair is being rehearsed under the

CLEAN FURNITURE OFTEN
Care of furniture should be started while it is new. Do not wait until it has lost its looks and then try to restore it. The first rule for the care of fabric-covered furniture, is to use your vacuum cleaner often, at least once or twice a month. Do not wait until the dirt has become ground into the upholstery.

direction of Mrs. Neil R. McElroy, entertainment convener.

Mrs. O. M. MacInnis was named refreshment chairman at the Tuesday meeting.

An idea that originated with the Junior Women's Auxiliary at its last year's fashion presentation will be used again this year.

Spring garments made by mothers will be modeled by their children and the committee in charge of arrangements invites those interested to have their youngsters participate in the fashion parade. Mrs. A. Young is convener of this feature of the forthcoming spring show.

YET ANOTHER SPRING DANGER

It is unlikely that any responsible authorities are enduring sleepless nights as a result of their gross negligence in not implementing the Okanagan Flood Control project.

And yet, because of this bureaucratic indifference by officialdom on both sides of the border, residents in the low-lying areas of the valley must again await the spring with anxiety, wondering if the flood waters will submerge their lands, inundate their basements, and create the havoc which the flood control project was designed to eliminate.

There is real cause for anxiety this year. The snowfall has been unusually heavy and there has been no gradual run-off such as generally occurs in the mild winters which are for the most part our good fortune in the valley.

Steps have not been taken to reduce the lake to its lowest possible level. This is an elementary precaution which should be taken right away. Other than that the people whose property is vulnerable to floods can only sit and wait and hope that there will be no combination of weather which will bring the water down from the hills in a mad surge.

All this because officials of two governments cannot agree on the design of fish ladders in the projected dams.

As far as can be ascertained the negotiations are about where they were last

year at this time.

Twelve months of ineffectual negotiation while the threat to property remains.

Surely if the United States government is not prepared to come to an agreement, to the benefit of its own salmon fishing industry, the Canadian government can take a firm stand and order the project to go ahead, with or without fish ladders. It is intolerable that the people in the valley should continue to live under this annual threat of flood because of the bumbling of officialdom.

And now it is not at all certain that if and when agreement is reached on the fish ladders that the project could go ahead without the departments having to go back to the government for more money.

During the prolonged negotiations the cost of construction has been steadily rising and one competent authority has estimated that the project will cost 30 percent more to build now than it would have done a year ago.

Over and above all this is, of course, the right of the people of this valley to protection from floods.

Another spring must now be faced with nothing but hope in the weather.

It should, it must be the last time that the people of the valley have to rely on the vagaries of climate to keep their property above water.

STRANGE ECONOMY

The Spokesman-Review of Spokane, in some valuable editorial comment, was pointing out a few days ago that down in the State of Oregon the barbers of Portland are distributing an initiative petition to get a state law to close all barber shops on Monday. They want a five-day week too, and they want a law to compel all barber shops to close on Monday. What's all this leading to?

Of course, if the barbers work only five days a week it stands to reason they can get less done than when they worked six days. It is a simple matter of arithmetic that a barber can perform fewer hirsute operations in five days than he can in six. That means he cannot earn as much unless the price of a haircut goes up. Perhaps that is the strategy of the Monday closing move.

If that is the case, why wouldn't it simplify everything for all barber shops

to close six days a week, and on the one day they open their doors charge \$5 for a haircut?

The whole thing is becoming absurd. In a world which is crying for goods and services, the only answer to the problems of the day is greater production. That means more men should work more hours to produce more goods.

But under the strange economy of the day the cry is for shorter hours, which in turn reduces production and raises costs, while more people turn to the government for support and relief. Look at Britain.

Unless we get over this mania for passing laws to compel people to work less, the end of free enterprise is not far off. When private initiative is hamstrung by too many laws it quickly languishes and dies. Then we enter the socialist state.

CHOP OFF HIS HEAD

D. K. Penfold, acting head of the Public Utilities Commission, has been ousted from the chairmanship because he had the temerity to make a few straightforward comments about unions.

What he was saying seemed to make sense to us. It's no use in caving in to whatever a union may want, and then storming at the commission to raise rates.

But it apparently wasn't in the tradition of commissioners, who are supposed to say nothing. Nor in the tradition of the provincial government which regularly keeps quiet, as an example, when railroaders ask for increases, and then mounts the ramparts to defend the public against higher costs and joins in representations to the railway commission against the rate increases that must automatically follow. So this whole mush-headed nonsense had to follow its

customary course in the recent flare-up at Victoria. Out went Mr. Penfold as chairman, after pressure from the unionists, and in, as the new chairman, came the recipient of a political plum if there ever was one, Percy E. George, ex-mayor of Victoria, and the defeated government candidate in a recent by-election.

Mr. George will now get \$10,000 a year for heading this commission. He will be assisted by "men of recognized technical ability," according to the statement by Premier Johnson, which also gives assurances that "unbiased treatment of all issues" will be ensured.

What the unions really want is a man who is biased against everybody and everything but themselves. What's just transpired, in the Penfold case, will guarantee that the new chairman will not only say nothing, but probably think nothing too.

Our Town

By Jack Scott

WITH MEMORIES

Put away that backgammon set, stow your crokinole board, never mind the mah jong, I need no such fancy gimcracks to keep me entertained. All I ask of mine host is that he have one or more old snapshot albums within easy reach. Give me a quiet corner and a black volume of fuzzy old pictures and you bring the roses to my cheeks.

Let the other fellow admire the host's collection of conch shells or arrow heads. I am happy here in this world of strangers immortalized by the magic of the Brownie camera.

The people in snapshot albums are always a grand bunch. I have never met any yet who didn't warm the heart. Their personal lives, their personal sorrows are not for me. I see them only as they brace themselves for the click of the shutter, smiling, shoulders thrown back, utterly charming, slightly out of focus.

Sometimes it is less impersonal.

One of my friends has a snapshot album with a picture of a girl I have learned to love. He doesn't know this and I have been understandably reluctant to bare my secret.

The girl is standing with one hand on a banister. Beneath an outrageous cloche hat her face is beautiful and proud, full-lipped and with a gaze as frank and open and compelling as any eyes I have met.

To look at her, as I do each time I am a guest there, is to smell the magnolias and hear the guitars across water. It is a red canoe on a green river, the moon on the lake.

As I say, I do not relay these babblings to my friend. The picture seems to have been taken some 40-odd years ago and I have a suspicion that she is his grandmother. I do not ask because I would rather not know.

So, anyway, you fill your lap with a big snapshot album and turn the pages. Here is somebody's fat baby making a sand castle on a summer beach. Here is the camp at Lake Hopalong, so identified by a scrawl in white ink beneath the snap. Here is a group scene of the deck of a picnic boat, everyone smiling, self-consciously into the lens, their happiness stopped in that split second moment. Here is a fat man with a handkerchief wrapped about his hot head and a cigar in his mouth and wearing a 1922 cotton bathing suit right down to the knees.

If this carefree and slightly unreal world isn't the perfect escape from the uncertainties of the present I don't know what is. These blurred images of the past have something more than mere nostalgia value. They bring strength with them, a gentle reminder that the cherished and simple things of life are still much the same.

Any old album has a voodoo spell that sends me on my way refreshed and a little less gloomy.

Honestly I didn't begin this with any idea of getting so grimly philosophical. What started me, in fact, was tidying up the basement and coming upon an old collection of snaps dating clear back to our courtship days.

I sat down on the basement steps and bought a return ticket on a magic carpet. I found that I was not merely recalling some of the scenes under the sun depicted there but actually remembering the mood and the frame of mind that went with them.

Here we are for example having a picnic on a secret beach out at Whycetlife. I had taken the picture sitting down. Both big toes are in the lower part of the frame.

I found I was remembering that hot and silent bay where we used to swim and remembering, too, that old feeling life seemed so uncomplicated, so predictable, so altogether confined to the sparkling bay and the precious moment.

All the pictures mirror such tableaux of happiness. This is the way it is in all snapshot albums. To retreat there, certainly to retreat as far as I have into a clandestine love affair with a girl of another day, is a wistful kind of fantasy but one many of us seem to need these days.

NEWS FROM

Victoria

By J. K. Nesbitt

VICTORIA—Premier Johnson and Attorney-general Wismer seem determined to call the present Liberal Government at Victoria a Coalition Government because there's one straight Coalitionist (Labor Minister John Gies) in it.

Mr. Wismer, who's a great hand at explaining, says that if for some reason the Premier had seen fit to ask Mr. Wismer to resign and that if Mr. Wismer had 10 pals in the House who got so sore they resigned too, well, wouldn't it still be a Coalition government? That, of course, is quite right—it would still be a Coalition government.

But the present situation here is a little different. The whole Tory wing is gone because Mr. Anscomb was forced to resign—and the Premier must have known that's exactly what would happen the minute he pitched out the Minister of Finance and the Tory leader.

There's talk the Premier is doing his best to get the private MLA out-and-out Coalitionists (H. J. Welch of Comox and B. M. MacIntyre of Mackenzie) into the cabinet—Welch in finance, MacIntyre in public works.

If this happens, the Premier could say one-third of the government are but-and-out Coalitionists, so doesn't that make it a Coalition Government? It would help to make "Coalition Government" sound more convincing, anyway.

No one knows how long the session will last. No one ever does, of course. But it's mighty unlikely the Conservatives and the CCF will let the government get away with any manoeuvres designed to muzzle the opposition. There are now 19 CCFers and Tories in opposition—and that adds up to a lot of political subterfuge and legislative talk.

Besides, the Liberals want to make an impression with the people before an election. They can only do so by legislative action. Hospital insurance has to be ironed out, organized labor must be satisfied, there has to be colored margarine, the three per cent sales tax taken off all but luxury meals, the Workmen's Compensation Act must be amended—there are a dozen matters on which the government must act in order to win the public's good will.

With the three Coalitionists supporting the Johnson Government (the public will have to figure out whether it's Liberal or Coalition, no one here can) the Premier's party in the House seems quite safe. Johnson is sure of 25 votes against 22 for the combined opposition.

In a showdown vote, the Speaker votes, which would give Johnson 26 in a House of 48. So, there's no possibility of a defeat on the floor of the House—something every government dreads.

This observer of the political scene rather bitterly regrets that the politicians of B.C. have been paying more attention to their own business the last few months than to the business for which they were elected—the people's business.

It is this observer's opinion that it will always be thus until we, the people, through our elected representatives, get it written into our Constitution Act that there shall be an election every four years, to the very day, some sort of system along the American system. Until we do that we are in for constant political manoeuvring. No one will ever know for certain when there'll be an election, and we always face the danger that a political party could remove from office a man whom the public elected.

It's time our whole political set-up was streamlined a bit.

Union Federation To Adopt System Of Grading Plants

A system of grading the various fruit plants in the valley so that the workers will be able to secure the best information possible regarding working conditions will be adopted by the Federation of Fruit and Vegetable Workers' Unions, following the passage of a resolution at the federation's convention here Saturday.

The resolution proved to be one of the most controversial of the three day session. Some of the delegates argued that the adoption of such a system would only create a sore point in relations with management. The resolution was passed by a small majority over the non-concurrence recommendation of the resolutions committee.

The resolution was formulated because many members were requesting information from the union when they wished to move from one plant to another and desired the name of a plant where working conditions were of a higher caliber.

Increasing numbers of workers were writing the union, it was disclosed, requesting information regarding working conditions in plants and there had never been any system whereby the union could give an intelligent answer to these queries.

DEFINITE PROCEDURE
The resolution also called for a definite procedure to be followed in grading the plants — a procedure which the executive council can amend during the year if it is found necessary to do so.

Plants will be graded as "A", "B", "C" and "D". In grading the plants it is not necessary that the plant have all the merits or demerits mentioned in the procedure laid down for grading.

A grade "A" plant will be one where all terms of the union agreement are observed by management. In this grade of plant, if at any time there is an oversight of the union agreement by foremen or other persons with authority, when this is brought to the attention of the management, the grievance is handled quickly and good faith is shown in settling the dispute. Generally speaking, harmonious relations exist between employees and management in this type of plant.

A grade "B" type of plant will be one where the terms of the union agreement are violated due to the apathetic nature of management in not directing the foremen or persons with authority to observe the terms of the union agreement. In this type of plant relations between

practical.
Frank Colclough, chairman of the legion's west bench committee, voiced his pleasure at the announcement and added "the veterans, whether they get half an acre or three acres, will be able to take advantage of the Veterans' Land Act facilities. The act, he said, is one of the finest government measures for the rehabilitation of veterans."

CONSTRUCTION COURSE
Mr. Colclough also announced that, if enough veterans are interested, a construction course at the high school will be started in order to inform veterans of the VLA building requirements.

Mr. Colclough also thanked those who had worked for the development in the past. These included Mr. Finerty, the late Charles Tupper, R. N. Atkinson, H. B. Morley, C. B. Ewart, Everett Gordon, and R. P. Murray as well as officials of the Summerland Experimental Station, the DVA and the PFRA, and cabinet ministers, the Hon. Milton Gregg and the Hon. James Gardiner.

J. R. Coffin, legion president here, hailed the government announcement as "welcome news." He declared "the legion is proud to have fostered such a scheme and to have seen it to a successful conclusion."

A Canadian-made motion picture, "Milk-Made", has won first prize in the fourth International Exhibition at Brescia, Italy, according to word from the Canadian Embassy at Rome. "Milk-Made" currently showing across the country on the National Film Board's rural circuits, was produced for the Canada Department of Agriculture by NFB and tells the story of the dairy industry of Canada in 30 minutes of color.

Funeral Services For G. S. Rawlings
Funeral services will be conducted from the Lakeside United Church at Summerland on Saturday for George Samuel Rawlings, 71-year-old orchardist who died last Thursday.

Mr. Rawlings, a native of England, had lived in Canada for the past 48 years. He came to Summerland in 1924.

A bachelor, Mr. Rawlings is survived by one sister, Eva, in England.

Services will be conducted by the Rev. H. R. Whitmore. Interment will be made at the Peach Orchard Cemetery. Summerland Funeral Home is in charge of arrangements.

Predicts New Alignment On School Costs
B.C. municipalities will be united, in the near future, in presenting a resolution to the government calling for an amended method for raising funds for school purposes.

Such is the prediction made by Mayor W. A. Rathbun, of Penticton, who returned from a trip to the coast yesterday. While there, last week, he attended a meeting of the directors of the Union of B.C. Municipalities.

W. E. Hobbs, of Winnipeg, has been employed by the union to

Brazil's boundaries touch every other nation in South America except Ecuador and Chile.

make a survey, and the result of this, Mayor Rathbun points out, will be the request that the whole system of grants by the government to the municipalities, for school purposes, be altered.

A resolution to go forward to the government, he feels, will suggest that school aid be like social service aid, with 80 percent granted by the province and the balance coming from the municipality. This would be for both capital expense and operating costs.

The directors will meet again on February 11 and all members of the union on the following day, to finalize the decision as to the resolution to go to the government.

Schmidt Will Coach "Peach Buds" Teams

The "Peach Buds" Penticton's junior, junior hockey players took the ice at the memorial arena this morning for the first time.

Sponsored by the local Knights of Columbus, the pre-school age youngsters received coaching from Willie Schmidt, V's star defenseman. Other seniors are expected to lend a hand at the training periods in the future.

The teams are open to any pre-school age youngster who has skates and a stick.

Practice sessions will be held on Thursday from 10 to 11 a.m.

Okanagan Valley Musical Festival
(Penticton Branch)
GENERAL MEETING
Wed., Feb. 6th - 8 p.m.
Oddfellows Hall (lower)
Business—Final arrangements pertaining to 1952 Festival.
All interested are asked to attend.

Certificates For Volunteer Fire Brigade Members

NARAMATA — Fifteen members of Naramata's Volunteer Fire Brigade received certificates having successfully passed examination after attending the course of lectures given Thursday and Friday in the Community Hall by E. Rickey, assistant provincial fire marshal, and D. A. Cumming, both of Vancouver. Several other Naramata citizens attended the two-day course on fire fighting, life saving and first-aid. The annual general meeting of the Naramata Fire Brigade will be held February 6 in the Community Hall.

T. Drought, fire chief of the Naramata district, invites the public to attend as the meeting will be for the purpose of re-organizing the whole community in respect to fire fighting.

KIWANIS CHURCH PARADE

Penticton Kiwanis Club will hold a "church parade" February 17, when club representatives will attend the morning service at the United Church. At the luncheon meeting of the club, Tuesday, about 30 members signified their intentions of attending. Arrangements were made by Harold Myers, chairman of the support of churches committee.

Church Reports Encouraging At Annual Meeting

NARAMATA — At the well attended annual congregational meeting of the Naramata United Church held Monday evening encouraging reports of the past year's activities were received and elections held to fill several vacancies on the official church board.

Of the eight stewards serving on the board for two-year terms, T. Dickout, W. Greenwood, P. Luxton and V. Thomson were re-elected to office. James Gawne, one of the six elders of the church, was re-elected for a five-year term, and an additional member of the session, W. C. Kines, was also elected for a five-year term.

Indications of the healthy condition of the Naramata church were seen in the thirty percent increase in membership and the reduction of the mortgage on the manse by a substantial amount. The latter was made possible by a successful canvass last fall and a generous donation from the Ladies' Aid of the church.

Rev. G. G. Harris, was commended for his able leadership as pastor of the Naramata Church when W. Steel spoke briefly prior to the reading of annual reports by J. S. Dicken, treasurer; N. F. Wheatly, session; Rev. G. G. Harris, pastor; Mrs. J. A. Ganes and Mrs. J. D. Tillar, Ladies' Aid; Mrs. Anson Day, Women's Evening Group; Mrs. M. Gawne, Sunday School; Miss Pat Dahl, CGIT; Mrs. A. Day, Cradle Roll, and Miss Jean Jamieson, junior choir.

Appreciation was voiced by the pastor for the loyal co-operation of all the workers in the various organizations, and for the assistance given by students and staff of the Christian Leadership Training School in the church choir and Sunday School.

After the adjournment of the business meeting, and the benediction given by Rev. R. A. McLaren, refreshments were served by the Ladies' Aid, and a social time enjoyed.

Hall Society Names Officers

KEREMEOS — An enthusiastic annual meeting of Keremeros Victory Hall Society was held on Monday evening when the following directors were elected: Grover Crowder, Carl Kieckhefer and Leonard Imis to fill vacancies on the committee. The other members are Chairman, G. P. Manery; secretary, treasurer, Eric J. Rhodes and E. Vanderlinde and H. H. Hill.

The 1951 committee in presenting its report showed a year of activity with splendid work being done in the re-roofing of the building, the painting of the interior and the installation of an up-to-date heating unit.

Special tribute was paid to G. P. Manery, who sanded the large hardwood floor thus saving great expense.

The objective for the current year will be the installation of rest rooms. The committee is delighted with the revival of public interest in the community hall.

Plans are being made to hold a Leap Year dance on February 29 to assist with funds.

The British naval library in London has records showing the position of any vessel at any date for two centuries past.

CORRESPONDENCE

The Editor,
Penticton Herald.

THANKS

At this time, we would like to take space to thank all those who participated in the Penticton Rotary Radio Auction, for their generous support.

We would like to thank in particular the donors of the over two hundred articles which were put up for auction and also to the many hundreds of people who took the time and interest to listen to the program and phone in the bids on the articles.

We were able to raise over \$1500. this year for the Rotary Club's numerous projects. This \$1500 was just short of the retail value of the goods offered, by a little less than \$200. We had to auction these articles very rapidly in order to cover them all in the time which the radio station so generously donated to us. We feel sure that we could have realized more money if we had been able to hold the auction a little earlier in the year.

Despite the difficulties which arose, we feel sure that all the successful bidders and donors can feel gratified that they have done so much to assist in this worthy cause.

N. B. McGIE,

Chairman,
Rotary Radio Auction Committee

The Editor,
Penticton Herald.

DO YOU PLAY CHESS?

For the fifth consecutive year the British Columbia Chess Federation is sponsoring the correspondence chess championship of B.C. During the past four years an enthusiastic group of postal chess players has been developed, comprising members from nearly every part of the province; entries being received from over thirty towns and cities each year. At present the names of the players who have qualified for the final all-play-all section of last year's tournament are being compiled.

We find no difficulty making contact with players who are members of the organized chess clubs, but we would very much like to reach those people who do not belong to any club, and who, in fact, would benefit most by taking part in this postal chess event.

Newspapers are the only effective means by which those people can be reached, and we feel certain that there are many such in the area served by The Herald, who would appreciate being made aware of the start of this tournament.

I trust that you will consider this 1952 postal chess event news-worthy enough to justify mention of it in The Herald.

The tournament will commence early in February, and all inquiries should be addressed to George Culbert, 208 Margaret Ave., Chilliwack, B.C.

Sincerely yours,
GEORGE CULBERT,
Tournament director.

The Editor,
Penticton Herald.

NO CONNECTION

Regarding the item appearing in the press concerning the murder case in Winnipeg during the recent Valdez Revival campaign, we wish to state that the British Israel Association of Penticton has no connection whatever with Mr. Valdez, and does not advocate such campaigns as his. And to our knowledge the British-Israel World Federation of Canada and the Association of Greater Vancouver do not advocate these either or have anything to do with these so-called "Healers".

(Mrs.) K. MacDOUGALL, Sec.
British Israel Assn. of Penticton.

Union Opposed To Present Canadian Immigration Policy

Among the resolutions passed at the sixth annual convention of the Federation of Fruit and Vegetable Workers' Unions here this week was one stating that the federation favored a planned immigration policy.

The convention delegates went on record as being unalterably opposed to the present policy which "brings immigrants into Canada without any consideration for their welfare or for the welfare of our present Canadian citizens."

In a resolution, previous to the passage of the resolution, delegates expressed the opinion that the government does not care what happens to the immigrants after they are brought into the country and they are becoming "a drag on the labor market".

Speaking of the immigrants brought to work in the fruit industry, J. H. Chndwick, of Vernon, said, "those going to keep the immigrants the other ten months of the year."

The resolution advocated that a board be set up to study and control immigration and that organized labor be represented on that board.

GOLD NUGGET BEANS

Sausage and the rich fruity flavor of apricots are pleasing additions to pork and beans. You simply fix these the way. Shape about 1/2 pound of bulk sausage into small patties and brown in a skillet. Add these and 1/2 cup of chopped cooked apricots to 2 cans of pork and beans. Bake in a moderate oven (375° F.) until heated through, about 1/2 hour. Makes 6 servings.

Penticton Kiwanis club will hold a directors meeting tonight to discuss a club budget for the current year.

Johnny Karras, Illinois All-American football star, was a quarter-mile champion on his high school track team.

Local High School Hockey Team Loses 6-1 To Kelowna

The Kelowna Golden Owls had too much power for the Penticton High School hockey squad at the arena here last night and went home with a 6-1 win to their credit. Owls' Bruce Butcher scored a hat trick to lead his team to victory. Swift scored Penticton's lone goal in the third period on a pass from Moore.

This was the first high school hockey game to be played at the Penticton arena. The local lads are preparing for the interior high school hockey tournament to be played in Kelowna sometime next month.

SUMMARY
First Period—Kelowna, 1, Butcher 35; Kelowna, 2, Brockman (Gri-Begg) 9:25; Kelowna, 3, Butcher (Miller) 13:21; Kelowna, 4, Butcher (Barrie) 19:00. Penalties—Corrigan, Longden, Begg, Wheatley.
Second Period—Kelowna, 5, Warabyski (Wheatley) 2:37; Penalties—Swift, Coelen, Rizzo.
Third Period—Kelowna, 6, Folk (Rizzo) 12:45; Penticton, 1, Swift (Moore) 17:55. Penalties—O'Connell, Miller, Begg.

Nurses To Hear How To Treat Injuries In Atomic Warfare

Dr. W. H. White will speak on "the treatment of injuries in atomic warfare" at the third in a series of civil defence lectures being given to graduate nurses on the nursing aspects of atomic, biological and chemical warfare on Tuesday, at the Shatford School auditorium on Tuesday.

More than 60 city and district nurses attended last Tuesday's lecture when high school physics teacher W. Marshall spoke on "nuclear physics."

Films on "atomic phenomena" were shown at the gathering by Jack Morris. District civil defence co-ordinator, Alderman Wilson Hunt, attended the lecture.

ATTEND CLASSES HERE
KEREMEOS — Freida Liddicoat, Virginia Sykes and Conner Clarke, students of Similkameen Junior-Senior High School, are attending classes in public speaking currently being held in Penticton.

At the suggestion of Alderman J. G. Harris, City Council on Monday agreed to call for tenders on 20,000 tons of gravel for use in road work.

Scots Pay Dollar Each For Pies!

Penticton's Scots gave the lie to jokes about their native parsimony by paying as much as one dollar each for pies auctioned off by Robert Lyon at the St. Andrew's Presbyterian Church annual Burns Night Supper, Tuesday.

Oat cakes drew bids of 20 cents a dozen and scones brought 35 cents.

Sale of the confectionary raised about \$15 for the church funds.

Social Credit

(Continued from Page 1.) residents present. Approximately 75 percent of those at the meeting were from the two prairie provinces.

Explaining the monetary policies of the Social Credit Party, Mr. Paynter said, "We must take out of the hands of the banks in Canada the power to create and destroy money and put it in the hands of the federal government."

Stating that over production in Canada was resulting in an unequal balance between production and consumption, Mr. Paynter pointed out that, if the federal government had the power to create and destroy money, it could stabilize this balance by putting more purchasing power in the hands of the people.

He felt that disposing of the surplus production through such schemes as the Marshall Plan was not fair to the Canadian citizens, who could consume the products of their over production if they had the purchasing power.

"There is no use talking unless we follow through with action," Mr. Paynter concluded.

In his address, Mr. Gillard pointed out that B.C. borrowed \$30,000,000 last year and \$35,000,000 this year. "By and by all our natural resources will be expended and we will have nothing but a burden of debt to hand down to our children."

"We are being led down the road to Socialism and regimentation," he said. "It is about time we elected a government that is really for the people."

Mr. Gillard declared that the CCF offers security, but not any freedom, while the "Old Line" parties offer a certain amount of freedom, but not much security.

"Secured offers you both freedom and security," he said.

Request For Water Service To Be Studied

A petition, signed by sixty residents in the Skaha Lake area, requesting city water service from Ellis Creek south to the lake, was received by City Council on Monday and was turned over to the domestic water department for study.

Council made it clear to the delegation, which presented the petition, that it was aware of the problem, but no promises could be made. Alderman Haddleton told F. B. Kinsman, spokesman for the group, that no by-law could be put this year for domestic services and that any expenditures must come from general revenue.

Running the mains down to the lake would be costly, city engineer Paul Walker explained. "It would cost in the neighborhood of \$30,000 to run mains to the forks. The total cost of service to the lake would probably be about \$200,000," he said.

Mr. Kinsman declared that the need for better services and fire protection was great and another member of the delegation added, "people in that area are paying taxes and in return are getting little in the way of services. One auto court operator is paying about \$30 a month for light," he said.

The delegation received some support from Alderman C. Phillips. "I have heard tourists complain that the water down there is very hard," he said. "I think the request should be given consideration."

Acting Mayor E. A. Tilchmarsh declared that council is aware of the need for water services and that the matter will receive the attention of the appropriate department.

BADMINTON
SUMMERLAND — The Summerland and Kelowna badminton clubs held their first exchange match of the year on Monday. Helga Watkin, Mary Slinkborough, Mary Stubbs, Gwen Armstrong, Bob Robinson, John Jardine, Fred Stevens and Dexter Pettigrew traveled to Summerland to play against Anne Curney, Dorothy MacLeod, Betty Biggs, Kay Cardinall, Ted Cardinall, George Pudge, Cecil Morgan and David Waddell.

1951 Year Of Progress, Engineers Report Shows

A story of progress and achievement is embodied in the annual engineer's report submitted to City Council, Monday by City Engineer Paul Walker.

City services have been improved more equipment has been purchased making it possible for the city to do more of the work which was previously contracted out and office routine has been streamlined for greater efficiency.

Outstanding progress was made on street and lane improvement. In his report Mr. Walker states: During the year, capital improvement has been done on over 25 percent of all the 68 miles of city streets and seven percent of the 22 miles of lanes.

Except for the 1.9 miles of arterial highway and 0.5 miles of secondary highway, and city streets which were paved under contract, all the improvements have been carried out by our own forces. Briefly, they constitute 6.8 miles of gravel road base, 2.6 miles of surface treatment with asphalt and chips, 1.1 miles of by-law road base work and 1.5 miles of lanes improved. Emphasis has been laid upon drainage of the newly constructed streets to try to avert the annual spring catastrophe, when so many of our gravel roads disappear into the mud and paved streets crumble. More gravel might have been laid on the streets had a better supply been available early in the year, and more road mixing might have been done to replace patching work on the low grade pavements.

Two sizeable projects done with our own forces prior to the paving work downtown are worthy of special mention. One was the widening of Lakeshore drive approximately 10 feet on the south side to permit angle parking on the beach side, should this ever be warranted. The other was the placing of heavy gravel fill on Front street.

SIDEWALKS
During 1951 comparatively little work was done on sidewalks with the exception of constructing sidewalk base to form footpaths on Main street and Government street from Carmi road north. The cost of this work ran about 50 cents per running foot of walk and has gone a long way to keeping children off the roadway. Much more of this type of work needs doing so that the eventual concrete walks can be laid with less expense when the time comes.

The only concrete sidewalk installed by the department this year was on Main at Fairview. This work was done by our own crews with a small mixer (electric) and the results were most gratifying, which augurs well for the future. The cost of the work was only 65 percent of the price bid when tenders were called.

There is every reason to believe that future work can be done with at least another 15 percent saving in cost, provided we are able to obtain the necessary equipment. Two blocks of sidewalk were installed by the Prince Charles Hotel under our supervision. A portion of the cost was borne by the city. A section of concrete walk was also installed on Ellis street.

Interior Contracting Co. installed some 800 feet of standard curbs on Front street under severe difficulties due to the carpenters' strike and the approaching of the paving machine from the far end of Naramata road.

CREEK FLOOD CONTROL
About \$5000 was spent on maintenance work on Penticton Creek in the spring. Much of this work was of a semi-permanent nature and some was experimental. It appears that the ribs of concrete placed over the wire mattresses on the weir did a lot to help hold the wire in place, and more of this work will be done later. The solid concreting of the weirs may possibly not be wise in view of the high rate of scour that is evident at the bottom of the weirs so treated last spring. However, this work is as yet still in the experimental stage. We had high hopes of using rock for riprap work last spring but the rock available near the creek turned out to be wholly unsuitable since it shattered into small fragments when blasted. A more expensive maintenance program needs to be carried out next spring to guard against severe flood damage if we should get a heavy runoff.

MECHANICAL EQUIPMENT
Two international dump trucks were added to the fleet this year together with a bulldozer blade for the caterpillar grader and close to \$3500 dollars worth of garage equipment. Our heavy machinery has put in a very profitable year with high utilization of every piece. Serviceability has improved tremendously now that we do our own maintenance and the Adams grader is turning out work that was previously thought "impossible." Undoubtedly the employment of a very well qualified mechanic and the setting up of our own repair shops has been one of the highlights of the year and has led to considerable savings in both time and equipment. It is hoped that a preventive maintenance program can be put into operation during the coming year.

Members of the Penticton branch of the Okanagan Union Library read 40,000 books in 1951 compared with 42,000 in 1950.

Six Teams In Baseball League?

The Okanagan-Mainline Baseball League may comprise six teams in the year ahead. At a meeting to be held in Kelowna tonight, Summerland Merchants will be invited to enter the league. If this team joins, as is expected, it will make the sixth entry. The others would be Penticton, Vernon, Kelowna, Summerland, and Oliver. Dr. A. W. Vanderburgh and Elmer Johnstone will represent the Summerland team at the meeting tonight.

Penticton Girl Wins Scholastic Honors At Oregon State College

Word has been received here that Miss Jean Kimball MacDonald, of Penticton, a junior in home economics at Oregon State College, Corvallis, has been listed on the fall term scholastic honor roll of that institution.

Miss MacDonald earned a grade average of 3.5 points or better, which is halfway between an A and B average.

Eric Hill To Head Naramata CCF Club

Eric Hill was elected president of the Naramata CCF Club at the annual meeting of the organization held last Thursday at the home of Mr. and Mrs. S. J. Read. Other officers elected were Al Ward, vice-president, and S. J. Read, secretary-treasurer.

At least two members, including the secretary, are to attend the monthly meeting of the South Okanagan District Council which will be held at the West Summerland home of T. Garnet on February 21. The good membership and the financial statement ensured the club's progress for the coming year. A series of card parties in the members' homes are arranged to raise funds, with Mrs. C. Green nominated as chairman of the committee.

THIS LITTLE GADGET was one of the items of furniture in many a household in medieval times. On display in Vienna, it shows how the lord and master of the home (they were called husbands then, too) used to show displeasure with his wife. He locked her in this convenient gadget — probably until it was time for her to prepare dinner.

Doctors Here Advocate Use Of Old Hospital For Aged And Chronics

Further study of possible uses to which the present hospital can be put when it is vacated in favor of the new hospital now being built, will be made by a Junior Chamber of Commerce committee before recommendations are made to City Council.

This was decided last Thursday when Jaycees discussed the eventual disposition of the present building after hearing Dr. W. Roy Walker, immediate past president of the Board of Trade, come out strongly in favor of the building's being used as an old people's home and as a hospital for chronics cases.

Alderman E. A. Titchmarsh, however, commented that there were many other suggestions which should be given consideration.

The discussion on the hospital was called after a letter was received from council asking for the chamber's views on the matter.

DOCTORS IN FAVOR
In his remarks Dr. Walker quoted a resolution by the "medical fraternity" which favored the establishment of a home for senior citizens and chronic cases.

According to a survey 16 percent of persons admitted to hospital are chronics cases. These people require less attention than acute cases and occupy the beds for longer periods, Dr. Walker told the Jaycees.

"There is an average of 14 chronic cases in the hospital here and in a separate institution they could be cared for at one third of the cost and, it has been found, could make better progress if, among people of their own kind."

TO SERVE DISTRICT
Dr. Walker declared that the old hospital is too large to house the old people and chronic cases from Penticton alone and that the institution should be made available to the whole of the Similkameen area.

He explained that the treatment of chronics is partly responsible for the spiralling hospital costs. "The government stops all benefits to chronic cases after 30 days. After that the patient is the hospital's responsibility. Consequently the hospitals are building up deficits," he said.

Concluding Dr. Walker stated that, although the old hospital is not perfect, it is quite suitable for the housing of chronic cases and old people.

Walter Ressler advised the committee to decide what financial burden would be placed on the city if the hospital was put to the uses suggested by Dr. Walker.

His comment was made after Dr. Walker conceded, in answer to a question, that if it was suggested by the city, as owner of the hospital, that it should be used for old people and chronics, then the provincial government might be inclined to tell the city to finance it.

MONEY CAN BE FOUND
James Hendry declared that taxes

Jaycees Against No Grant Policy

Penticton Jaycees will urge City Council to revise its stand on a "no grant policy" and to give consideration to organizations which seek grants in order to pursue policies of civic betterment.

The Jaycees' resolution, passed at the meeting last Thursday, will be presented to council along with a brief expressing the chamber's views on the matter.

The resolution was carried after lengthy discussion during which Oreville Noble championed the council's previous stand. He declared that, "if the city once opened its doors to organizations asking for financial support every group in town will be asking for aid. The city has other uses for its money."

Walter Ressler, conceded that the "no grant" policy was excellent at the time of institution, when city funds were low but he felt that now there should be a change.

"DICTATORIAL"
Clare Way stressed that the policy was "dictatorial" and that the emphasis was on the word "no." He said that the word grant implies "concessions" and that he would prefer to hear of the city "co-operating more closely in financial matters" with deserving organizations.

Mr. Way, who is chairman of the parks board, maintained that many organizations are receiving financial support and cited as examples city clubs which are receiving assistance through the parks board for development of parks.

It was Mr. Way who urged that a brief, stressing the thinking behind the resolution, should be submitted to council.

Alderman E. A. Titchmarsh, who attended the meeting as a member of the public, taking advantage of the Jaycees' open invitation, pointed out that the answer to the Peach Festival Association's request for \$1,000 for advertising purposes was

Unemployed In Penticton Paid \$256,829 In 1951

"The value of local employment offices is just beginning to be realized," W. McKinstry, regional superintendent of the Unemployment Insurance Commission, told delegates to the annual convention of the Federation of Fruit and Vegetable Workers' Unions here Saturday.

He explained that the resentment built up during the war when the Commission was forced to push workers around to a certain degree, is gradually being broken down.

He stated that the Unemployment Insurance Commission made 2,270 placements in Penticton last year, an increase of 43 percent; 2,421 placements in Vernon, an increase of 46 percent; and 2,740 placements in Kelowna, an increase of over 52 percent.

The commission paid out \$256,829.55 in Penticton; \$274,879.74 in Kelowna, and \$305,434.81 in Vernon; and a total of \$12,300,468.24 in B.C. last year.

"We must build up a fund to provide stability for the workers in time of unemployment," Mr. McKinstry told the delegates. "This is not another income tax proposition—you get a return for your investment and your investment is in good hands."

Mr. McKinstry said that they hoped to speed up payment of claims under a new scheme, whereby claims will be adjudicated in the local offices rather than be sent to Vancouver.

not in the nature of a commitment. City Council had promised to refer the matter to estimates where it would be considered in relation to the financial picture at that time.

Hemlock is one of Canada's slowest growing trees. It may take 100 or 200 years to reach maturity.

TO THE YOUNG MAN OR WOMAN WHO WANTS A FUTURE...

The Royal Canadian Air Force offers immediate openings in an expanding field of action and opportunity

The R.C.A.F. is expanding so fast that hundreds of jobs are immediately available. Alert young men and women must be trained in the fascinating skills and trades of Aviation. There are more opportunities for advancement... living conditions are better than ever before... free medical and dental care, generous pensions and full recreational and educational facilities are available for today's Airman and Air-woman.

Any young person entering the R.C.A.F. can complete their education up to Senior Matriculation or even higher standards, at no expense to themselves.

MEN!

Consult the Mobile Recruiting Officer at the Legion Hall in Penticton between 10 a.m. and 8 p.m. on January 31.

GIRLS!

The Mobile Recruiting Officer will be glad to tell you, without obligation, of the work and opportunities for girls in the expanding R.C.A.F. arrangements for interviews are the same as for men.

Outdoors with Cec Brett

Most of the comment I have received, so far, has been in appreciation of the wit and humor in parts of this column, for the past three weeks. I don't think I can keep it up. I am not a humorist, and, besides, there's nothing especially funny about the outdoors just now.

I am going to write, this week on an indoor sport. And I don't mean the kind of indoor sport where you have to wear rubbers and wrap yourself in a blanket—then clap your hands and yell when somebody hits somebody else over the head with a crooked stick.

It is not too early to start getting ready for the coming fishing season, or, maybe I should say, it is not too late—we should really have started at the end of the last one. However, not many of us did so, so it might be well to start checking up on our fishing tackle now.

If you are a fly-fisherman the first thing to do is to take your fly-line off the reel. Actually, this should be done after every fishing trip during the season. If the line is allowed to dry on the reel it develops a 'set' and if kept on all winter will become tacky and acquire a permanent wave. When you come to use it in the spring, it may be a good line, a proper line, but, one of the roving kind—it will hang down in ringlets. Use white gasoline, or carbon tetrachloride, to take off all the old line-dressing and then hang it in fairly large loose coils over a couple of pegs in a dry place.

The reel should be taken apart and cleaned of all the old oil and grease with a brush dipped in white gasoline. (If you use your wife's toothbrush be sure to rinse it off well before putting it back in the holder.) Then oil it with a good grade of light oil and store it away in a dust-free place.

This is the right time of the year to start checking over your rods. Examine them for loose ferrules, frayed or broken wrappings and worn guides. Rough or worn guides, besides scraping the dressing off, will ruin a good fly-line in a very short time. Look at the guides closely, preferably with a magnifying glass, and, if the line is a good line, replace them with new ones. This is a simple operation and after doing one or two you will soon get the knack of it. Pay particular attention to the tip guide. This is the one that gets the most wear and can do the most damage to your line.

Check your rods for chips or cracks in the varnish. Touch the bad spots up with a good rod varnish and while they are still a little bit tacky give the whole rod a light coat of the varnish. Don't use a brush as it will leave air bubbles. Use your fingers—it will make them a little sticky but, after all, this is an indoor sport and you are not going anywhere, or playing cards.

There is such a thing as having too much varnish on a fly-rod. After multiple coats over the years it will tend to get heavy and not have the proper action. When this happens it would be wise to scrape it down to the cane and completely re-varnish it. Sounds like a lot of work but the results are worth it.

The next meeting of the Penticton Fish and Game Club will be next Monday, February 4, at 8 p.m. in the Legion Hall. There will be some good films shown and I am sure you will be interested in the meeting.

Vernon, Kelowna Battling Mightily For Second Place

KELOWNA — A titanic battle for second place in the OSAHL standing was all deadlocked again Friday night after the Kelowna Packers doubled the score on the Vernon Canadians with an 8-4 triumph. The win not only pulled the Packers back into a tie for second but wended the dead-serious three-game in-as-many-nights series between these two clubs at one victory apiece.

Four unanswered goals in the first half of the second period as the Packers caught fire and couldn't be put out proved to be the turning point in the bruising joust.

The spree brought the homesters from behind a 2-1 first period deficit. They were ahead 5-4 at the end of the second and then clinched it with three more goals without a reply in the third.

Sting of Phil Hergeshelm — Stu Robertson — Frank Hoskins carried the mail for the winners, figuring in four goals. Hergeshelm and Robertson each scored twice. Robertson also drew two assists to top

all corners in points for the night. Bud Andrews paced the Canucks with two goals, helped by Leo Lucchini on both. Big Doug Lane was a standout for the losers, tallying the nicest goal of the night.

The lenient refereeing system resulted in only five minor penalties, three of them to Vernon. Both sides scored once while the opposition was short-handed. Kelowna outshot Vernon 33-27.

VERNON — Goal, Dobson; defence, Lane, Gikas; centre, Milford; wings, Dheere, Tarnow. Subs — Ritson Lucchini, Andrews, Merluck, Jakes, Wallington, Stecyk, Watt.

KELOWNA — Goal, McMeekin; defence, Kuly, H. Amundrud; centre, Kaiser; wings, Lowe, Middleton. Subs — Daski, Durban, Roche, Robertson, Hergeshelm, Hoskins, Carlson, Penner.

First period — 1, Kelowna, Lowe (Kaiser, Middleton) 10:23; 2, Vernon, Andrews (Lucchini, Lane) 11:33; 3, Vernon, Lane (Jakes) 19:53. Penalties — Watt, Middleton, Stecyk.

Second period — 4, Kelowna, Hergeshelm (Robertson) 2:25; 5, Kelowna, Durban (Daski, Middleton) 7:55; 6, Kelowna, Hergeshelm (Robertson) 9:30; 7, Kelowna, Robertson (Hoskins) 10:04; 8, Vernon, Wallington (Jakes, Merluck) 15:02; 9, Vernon, Andrews (Stecyk) 19:51. Penalty — Middleton.

Third period — 10, Kelowna, Roche (Daski, Durban) 4:55; 11, Kelowna, Robertson (Hergeshelm) 14:03; 12, Kelowna, Kuly (Roche) 18:56. Penalty — Watt.

Referees — W. Neilson, K. Stewart.

Roeg's Gallery

By Dave Roegle

Ever since the hockey season began I have had an obsession to express my feelings about the name of the Penticton senior hockey team. More times than the wastebasket can remember I've started to write about it and ripped the paper out of the typewriter and fired it away before it was half finished. Now something has happened that points up the seriousness of this trend to "Peachy" names.

WHAT'S IN A NAME

The Knights of Columbus, a fine organization working in the best interests of the community, have started a hockey league for boys of pre-school age. This is wonderful, and everybody thinks it's a great idea but here is the part I take objection to. A name had to be given the team and, as if one "Peachy" hockey team in our town isn't enough, they have dubbed this group "The Peach Buds." "Yikes! What will this end? Are these teams playing a manly sport or are they not? Possibly one of the reasons (I said possibly) that the V's didn't do so well this year is that they had to pack a name signifying love, soft, pink, peaches around with them wherever they went. And now the children of our town who are too young to realize the significance of the situation are having the same thing done to them.

So you say that Penticton is the city of "Peaches and Beaches" and we should do everything we can to publicize the fact. With this I agree except when it comes to athletics.

Can't you see a Penticton football team trotting out onto the gridiron for a game with the North Shore Lions and across their backs in large pink letters the name "Pinky Peaches"? They'd be beaten before they started.

Les Edwards would look fine leading his baseball team onto the diamond amid the cheers of local fans "Hurrah here comes the Free Stones."

NAME TO CONJURE WITH

Thank goodness Merv Davis and his gang had more imagination when they christened the football team the Scarlet Marauders. A name that strikes fear in the hearts of the opposition and fires the imagination of sports fans. The baseball club, while using a more conventional name, realized that it was a sports organization and not a bridge club when they took the name Athletics. The high school choice "Lakers" is a much better name than V's.

This thing could get out of hand and we'd find our city flooded with names like "The Bartlett Badminton Club" (for mixed pairs), "The Rod and Spray-Gun Club" for riflemen, or "The Cull Club" for the Saturday night poker lads.

Let's not go overboard on Peaches or our teams will be the pips.

GOING PLACES

The Prince Rupert Jets that local hoop fans will remember as a pretty sharp basketball club will be here in Penticton, March 7 and 8, and if the third game is necessary it will be played on March 10. The Jets take on the Omegas for the right to advance to the coast finals in the senior "A" competition. This is a big deal for our town and we hope you'll remember those dates.

The Omegas looked sharp against the men from Chelan Saturday night. The Lakers are a well balanced strong club and Coach Haas and his gang knew they had been in a game when it was over. Ron Young very capably filled a big pair of shoes vacated by Charlie Raltt and looked after the business in the bucket very well. He appears to be headed for a big season.

NOT PEE WEE

The Bantam Hockey, sometimes referred to, incorrectly, as Pee Wee played Monday nights, is undoubtedly the best entertainment value in town. We feel that it's only fair to warn you though that if you go once you'll be devoting all your Monday evenings to the sport. The kids play a rugged game and at times amaze you with their ability to pick up the mannerisms of their older brothers in the senior ranks. I like the team names too.

Bruins Lead Local Bantam Hockey Loop

The Lions' Bruins have fought their way to the top of the local Bantam Hockey League. With five wins and one loss for 10 points, they have a two point edge over the second place Kiwanis Black Hawks.

Following are the league standings up to and including January 30:

	W	L	T	Pts
Lions Bruins	5	1	0	10
Kiwanis Black Hawks	4	2	0	8
Kinsmen Maple Leafs	2	3	1	6
Gyro Red Wings	0	6	1	1

The game schedule is as follows:

February 4—Red Wings vs. Black Hawks, 7:30 p.m.; Maple Leafs vs. Bruins, 8:30 p.m.

February 11—Black Hawks vs. Maple Leafs, 7:30 p.m.; Red Wings vs. Bruins, 8:30 p.m.

Penticton Kiwanis Club has planned its annual South Okanagan bowling classic for March 24 to 29 inclusive.

Three officials, two linemen and one referee, control English soccer games.

V's Drop 8-6 Decision To Elks On Home Ice

The Penticton V's sunk farther into the OSAHL cellar when they dropped an 8-6 decision to the power-laden Kamloops Elks before a near capacity house here on Friday night.

The battling V's were on an even par with the league leading Elks in every department but goal scoring. They outshot Kamloops 33 to 31, but lacked the payoff punch to carry them to a win.

Led by veteran Willie Schmidt, with two goals, the V's took a 3-2 lead in the first period. They came out fighting and kept right on hustling in the fast, rugged first stanza, outshooting the Elks 11 to nine.

High scoring Bernie Bathgate tied things up at the eight minute mark of the second period on a pass from Ken Terry.

The Elks went one up midway through the session when Jim Fleming took Terry's pass and beat McLelland, while Doug Kilburn was taking a two minute rest for holding.

PENALTY FOR LUSSIER

Robson got that one back a few minutes later on a nice three way play with Ernie Rucks and Roy Richardson. Kamloops Goalie Lorne Lussier received a penalty on the play for coming out of the goal crease. The Elks disputed the call, but referees Al Swain and Arnold Smith were adamant and Bathgate set it out for Lussier.

The V's were unable to take advantage of the extra man and the flashy Clovechuk — Bathgate — Millard line powered their way in to give the Elks a 5-4 advantage as the period ended.

The V's went all out for the equalizer in the third period, swarming all around Lussier, but the Elks took advantage of some lax Penticton defensive work to increase their lead to three goals, with Bathgate and Hryciuk doing the scoring.

Things looked pretty hopeless for the V's when the line of Bregg, Lewsey and Holmes suddenly exploded for two goals to put Penticton back in the game.

Bregg took a nice pass from hard working Don Johnson and backhanded one past Lussier from right in front of the net for the first goal, and came back with his second a minute later after combining with Lewsey and Holmes in the smartest payoff passing play of the game.

With the big crowd yelling for the equalizer, the V's suddenly ran out of gas. Fleming skated away from the fast-lying Penticton squad to go in on McLelland un molested for the clincher for the Elks.

Clovechuk, Bathgate, Fleming and Hryciuk shared the Elks' scoring honors with a brace of goals each and Johnny Millard collected three assists.

For the V's, Schmidt and Bregg

got two goals apiece with Robson and Holmes adding singletons.

JOHNSON A BULWARK

Don Johnson was a bulwark on defense for the V's, especially in the disastrous third frame when sometimes he was all that stood between the speedy Elks and McLelland. He also collected a well earned assist on Bregg's first goal.

The crowd's favorites were the Bregg, Lewsey, Holmes trio, which played well all night and were sensational in the third frame when they came so close to tying up the game. Bregg with two goals, Holmes, with a goal and an assist, and big Lewsey with two relays; they carried more than share of the scoring load.

SUMMARY

First period — Kamloops, 1, Hryciuk (Jackson) 2:1; Penticton, 2, Schmidt (Rucks) 3:03; Penticton, 3, Holmes (Lewsey) 5:48; Kamloops, 4, Clovechuk (Bathgate, Millard) 8:46; Penticton, 5, Schmidt (Warwick, Davison) 13:48. Penalties — Terry, Fleming, Davison.

Second period — Kamloops, 6, Bathgate (Terry) 8:32; Kamloops, 7, Fleming (Terry) 10:38; Penticton, 8, Robson (Rucks, Richardson) 11:49; Kamloops, 9, Clovechuk (Bathgate, Millard) 17:13. Penalties — Kilburn, Lussier (served by Bathgate).

Third period — Kamloops, 10, Hryciuk (Fleming, Jackson) 1:25; Kamloops, 11, Bathgate (Millard-Clovechuk) 7:23; Penticton, 12, Bregg (Johnson) 10:11; Penticton, 13, Bregg (Holmes, Lewsey) 11:25; Kamloops, 14, Fleming (Jackson) 16:31. Penalties — Clarke, Bathgate.

City 'Bike Racers Prep For '52 Events

Penticton motorcycle enthusiasts are sitting out the long winter preparing their machines for the coming spring competitions in this province.

According to an annual report issued by the Peach City Motorcycle Club, Harry Killick, who took first in last year's events on his Royal Enfield 125 cc, is spending his evenings preparing a DKW for the coming season.

Another club "hope" is Johnny Fleet, who has recently purchased a KSS Velocette 350 cc which will be entered in its class in the B.C. contests this year.

Kelowna Sportsmen Re-Elect 1951 Executive In Toto

KELOWNA — The entire 1951 executive plus four other members were named to the 1952 directorate of the Kelowna and District

Rod and Gun Club last week. Prior to elections the membership approved a resolution boosting the strength of the executive from 14 to 18.
Re-elected were: Dan Hill (last year's president); Jim Treadgold (last year's secretary); More Paige, Stan Duggan, C. B. Porter, Dr. P. Williamson, Ron Weeks, Archie

Blackie, W. R. Maxson, Hugh Kennedy, Bill Spear, Art Lloyd-Jones, George Fitzgerald and Bob Brown-Clayton.
Four additional acclaimed were: Verne Ahrens, E. L. Adam, Dick Lucas and Gil Mervyn.
The only Mormon Temple in the British Empire is at Cardston, Alta.

ANDERSON CUP
SUMMERLAND — The Anderson cup found its way back to Peachland on Monday when two rinks from the Peachland club defeated two Summerland quartettes. The challenge trophy has been in Summerland twice this winter, local rinks having wrested it first from Vernon only to lose it to Penticton.

Wild Life Film Fans Crowd Hall; Children Sit On Window Ledges

The Penticton Fish and Game Club was literally and figuratively bowled over by the crowd that invaded the IOOF Hall on Thursday evening of last week to see a showing of wild life films.

Rarely, if ever before has the hall been so crowded.
A smaller room, arranged for the films in the first place, had to be vacated. The crowd changed places with a lodge that was holding a meeting in the same building for the evening. Then those lodge members had to stand guard over the few chairs that were left in their possession.

When the films went on, upstairs, the place was jammed to the doors, children were lined up in places of vantage even along the window ledges on the walls.

Showing the pictures for the evening was David A. Munro, of Vancouver, wildlife management officer for the Canadian Wildlife Service, Department of Resources and Development.

He also spoke briefly, explaining the operations and function of the service to which he is attached.

The pictures proved rewarding, featuring game animals and birds of all types.

The crowd was welcomed by Cliff Hultgren, on behalf of the club.

Canadians Gain Sole Possession Of Second Place

VERNON — Playoff brand hockey was on view as the Vernon Canadians edged two points out in front of the Kelowna Packers Saturday night with a 2-1 victory over the Okanagan City crew before a capacity crowd in Vernon.

Currently engaged in a hectic battle for second place in the Okanagan League standings, the two clubs dished up some of the best hockey seen in Vernon for some time.

Bud Andrews, fast breaking winger, was the hero of the Vernon win with two beautiful goals while Kelowna's playing coach Phil Hergesheimer came through with the Pack-er's lone tally.

The game was every bit as close as the score would indicate with the hard playing Packers actually putting the puck in the Vernon net just before Vernon's second score only to have the goal ruled out because the puck was kicked into the net.

Neither team was able to count in a fast but hard checking opening stanza, but they got a goal apiece in the second period.

Bud Andrews sliced through for the winner at 11:51 of the third period.

The Packers were without the services of smooth skating Joe Kaiser and Jim Hanson while Vernon's playing coach, Alex Ritson, sat it out. Left winger Lou Hauk is still on the injured list with a dislocated shoulder.

LINEUPS
Vernon Canadians — Dobson; Stecyk, Gloskas, Lane, Watt, Turnor, Milford, Wallington, Lucchini, Jakes, Dnece, Merluck, Andrews.

Kelowna Packers — McMeekin, Penner, Kuly, Carlson, Lowe, Hergesheimer, K. Amundrud, Roche, Durban, H. Amundrud, Middleton, Hoskins, Daski, Robertson.

SUMMARY
First period — No score. Penalties: Gloskas H. Amundrud.

Second period — 1, Kelowna Hergesheimer (Robertson) 12:05; 2, Vernon Andrews (Lucchini, Stecyk) 17:37. Penalties — Lane, Daski.

Third period — 3, Vernon Andrews (Stecyk) 11:51. Penalties — Watt, Milford, Penner.

Why don't YOU buy Stocks?

Because you think you can't afford to?
Because you're afraid that there's too much risk?
Because you think a broker won't bother with a small account... saves his service and his help for big customers only?

Or, because you really don't know too much about stocks or how you buy them anyway?

If that's how you feel about investing, we think you'll want to read "What Everybody Ought To Know... About This Stock and Bond Business." It's written for you — a four-page pamphlet that answers the common questions anybody might ask — answers them in the plainest English possible.

If you've never bought stocks before, we think you'll find those answers interesting, helpful — yes, and surprising, too. There's no charge for "What Everybody Ought To Know... About This Stock and Bond Business," of course.

If you'd like a copy, just send in the coupon below.

Fruit Workers' Wage Gains Now Lost In High Cost Of Living

Wage gains made by fruit workers during the past year have been lost in the ever increasing cost of living according to the joint report of the officers committee presented to the annual convention of the Federation of Fruit and Vegetable Workers' Unions here on Friday.

The report stated that substantial gains were made last year in all the union's agreements throughout the valley. At the time of the report the rate of \$1.10 per hour for men in the agreement negotiated last year with the Canadian Cannery (Western) Limited is the highest wage rate paid in any fruit and vegetable plant in Canada.

"Negotiations this year were hampered by the distasteful attack made by the United Packinghouse Workers of America, CIO, while our negotiating committees were attempting to gain wage increases for our membership," the report said.

The report explained that the year had been a bad one financially for the membership and the federation because of the very short season.

Members of City Council and their wives have been invited to the opening night of "Curtain at 8:30" at the Capitol Theatre.

STAND-INS FOR WORLD LEADERS—If Hollywood ever plans to make a movie about President Truman and Prime Minister Churchill, James Nuttall and William Tonkinson, of Hamilton, Ontario, should not be overlooked as doubles for the famous statesmen. Tonkinson resembles the British premier so closely that people call him "Winnie" while Nuttall is frequently referred to as "Harry." Employees of Canadian Westinghouse Company Limited for more than 20 years, both work at the same company plant but had never met before this picture was taken.

Unions Must Prove They Stand For Public Welfare Kobayashi Tells Delegates

"By self example we must show the public that organized labor stands for the good and welfare of the people," A. T. Kobayashi said, speaking at the banquet of the Federation of Fruit and Vegetable Workers' Unions in the Hotel Prince Charles on Saturday night.

In a highly entertaining address, Mr. Kobayashi, a past secretary-treasurer of the federation, from Winfield, discoursed on impressions he had received while listening to the two days of deliberations at the convention.

Stating that he was one of the original organizers of the union in the valley, Mr. Kobayashi said that the principle on which the union has worked has sometimes been misunderstood by the public, and even by some of the newer members.

"We have been accused of being

married to the federated shippers," he said.

Answering the accusation that the union had too close an alliance with the growers and the shippers, he said, "we were not satisfied with getting a sawed-off agreement. We were not a company union."

"This has not been an unholy alliance," he emphasized. "We have not sacrificed the rights of the working people."

He pointed out that the fruit industry was unique in that in order for everybody to prosper—from top to bottom—they all had to pull together to achieve a common end.

"The fruit industry is dependent on everyone in it. We have recognized this, and this is one reason why the industry is one of the strongest there is," he said.

"WOEFULLY IGNORANT" Mr. Kobayashi went on to say that the public, and even some of the members themselves, are "woefully ignorant of what a trade union is—what its policy is and what it stands for."

Referring to the recent strike threat in the lumber industry, he said, "Everybody seemed to think the union was out to skin the employer—get as much as it could and do as little work."

"I would suggest that it is up to us to see that this ignorance is erased," he said, warning that it would be a long process of education, starting among the union's own members, who in turn would spread "the gospel of the problems of organized labor."

Mr. Kobayashi advocated that the study of trade unionism eventually be worked into the school curriculum, so that children growing up will have a knowledge of what trade unionism is, and what it stands for. "By self example we must show the public that organized labor is good—that it stands for the good and welfare of the people," he stated.

In conclusion, Mr. Kobayashi warned against the danger of the union members becoming apathetic. "We expect the employer to live up to his end of the agreement—we must live up to ours," he said. "We must give fair value for the money we receive."

The speaker was thanked by W. H. Sands, the federation's director of organization. Federation president, Bryan Cooney acted as chairman at the banquet and introduced the guests. Penticton Mayor W. A. Rathbun said the grace.

A presentation was made at the banquet by Mr. Cooney to J. W. Blogg, first president of the union.

NEW ICE RINK—The latest and most popular indication of the growth and expansion of Pailkland is the new out-of-door skating rink built this winter.

The ice sheet is approximately 80 by 170 feet, and located between the creek and the ball field. Erected chiefly by volunteer labor, with assistance from local organizations and industries, the rink is being favored with ideal weather conditions.

The Gold Coast of Africa first became known through Portuguese navigators of the 14th century.

Letters To The Editor

Correspondence will be carried by the Herald only when it is accompanied by the writer's name and address.

The Editor, Penticton Herald.

APPRECIATION

Through your paper, the Penticton Fish and Game Club wish to convey their thanks and appreciation to the Penticton people who turned out to see the wildlife pictures shown by David A. Munro, Wildlife Management Officer, Department of Zoology, UBC.

Our thanks also go to the members of the Eagles Lodge who so willingly exchanged halls with us so as to accommodate the large crowd.

We were pleased to have so many school children and Junior Fish and Game members present, as it is part of the agenda of the senior club to assist in the education of the younger people of the Fish and Game Clubs in our province.

May we be permitted to mention at this time that our club holds its monthly meeting on Monday, February 4, at the Legion Hall. A variety of outdoor and wildlife pictures are shown between 8 and 9 p.m. and there is no charge or collection. Any junior or non-member is welcome to attend, and can leave after the pictures are shown if they wish. The pictures are interesting and educational and everyone should see them.

CLIFF HULTGREN, Sec'y
Penticton Fish and Game Club.

The Editor, Penticton Herald.

THIRD ALTERNATIVE

In your editorial in last week's issue of your paper, "Let's Not Fumble It," after admitting that the so-called coalition should be dissolved, and warning that the socialist CCF might form the next government, you suggested that the alternative parties of free enterprise, Liberal and Conservative should: "not be steered into such antagonism to each other that they regard themselves as arch-enemies and, in the resultant split, put socialists into power."

The third alternative for free enterprise that you very carefully neglected to mention, Social Credit, is in my estimation the answer. For over 15 years now the Social Credit administration in Alberta has served her people well.

Now this government came into power in Alberta in 1935, in somewhat similar circumstances to ours here now. The old line parties in Alberta—although the Conservatives never did form a government in Alberta—pounced on the disrepute that the UFA government fell into during its latter term of office, much in the same manner that Coalition has done here. In the election that followed the new Social Credit party was swept into office. The Liberals and Conservatives had ignored the will of the people.

It has been shown by several instances in the past, that the will of

Last Rites For William J. Trotter

Last rites were observed Tuesday for William Jackson Trotter, retired CCF carpenter, who died in the Penticton Hospital last Thursday.

A resident of this city for 41 years, Mr. Trotter came to Canada from his native Lancaster, Lancashire, England.

He is survived by his wife, Mrs. E. A. Trotter, and three daughters, Mrs. T. Carter, Magrath, Alberta; Mrs. G. McDougall, Oliver and Mrs. D. Webster, Nelson.

Ten grandchildren and 11 great grandchildren also survive. The Rev. G. P. Tasker officiated at the services conducted from the Penticton Funeral Chapel. Interment was made in the family plot, Lakeview Cemetery.

City engineer Paul Walker will travel to Vancouver in the near future to inspect front end loading equipment which the city may purchase.

an aroused people is stranger than the concerted opposition of the press. In a democracy so should it be.

1952's NEWER and MIGHTIER CHEVROLET TRUCKS

give you THE BEST AND THE MOST FOR YOUR MONEY

Nineteen-fifty-two brings a new era in Truck Transportation — made possible by Chevrolet engineers! Here, for '52, are more Chevrolet Truck models to choose from than ever before! They'll carry bigger payloads! They'll haul loads faster — powered by the famous valve-in-head Chevrolet engines rated up to 120 horsepower.

It's a fact! Wherever trucks must really earn their way, wherever costs are figured down to the last cent — that's where a 1952 Chevrolet Truck, and only a Chevrolet, fills the bill! That's true whether your job calls for a sedan delivery or an extra-heavy!

See for yourself. Check Chevrolet Trucks point for point — count up the features that make Chevrolet more than ever The Leader! First in value, first in demand, first by far in actual sales!

A GENERAL MOTORS VALUE

BEST

Models for every load and purpose

Whatever your trucking needs, there's a Chevrolet truck model suited for your purpose. Whether you're in the market for panel deliveries, cab-over engines, forward controls or any other style, you owe it to yourself to see your Chevrolet truck dealer. That's where you'll find exactly the truck you want.

MOST

Complete range of wheelbases and carrying capacities

The Chevrolet truck line for '52 offers you a wider choice of wheelbases, ranging right up to 212". Carrying capacities have also been increased to 17,500 lbs. with the 1700 Heavy Duty series. And all this extra payload and carrying capacity is yours at amazingly low cost. No other truck line gives you so much for so little.

BEST

Axle capacities for every job

The right axle for any type hauling job — still another reason why the new Chevrolet truck line lets you carry more payload without overloading. Chevrolet truck axles are designed to absorb the shocks and jolts caused by rough roads and heavy loads. What's more, they deliver greater pulling power with less engine effort throughout the entire speed range. And there's now a heavier two-speed rear axle available for the Heavy Duty models.

MOST

4 great power plants to choose from

To the three already famous Chevrolet valve-in-head truck engines, a brand-new fourth power plant has been added! It's a massive, heavy-duty 120-h.p. engine designed to deliver outstanding performance under the toughest working conditions. Whether you choose the 92 h.p. Thriftmaster, the 105 h.p. Loadmaster, the 114 h.p. Torquemaster or the husky new 120 h.p. engine, you can be sure of greater dependability and greater power-per-gallon from a Chevrolet valve-in-head truck engine.

Kiwanis Club Hears Address By Local Probation Officer

Probation is the most efficient and economical form of correction according to Duncan Clark, assistant provincial probation officer here, who addressed the Kiwanis Club at the luncheon meeting Tuesday.

Mr. Clark, who came to Penticton last fall, spoke of the aims of the probation system which are, he said, to prevent youths from leading lives of crime.

He referred to the system as the "first line of defense" for the peace of communities and as a low cost crime prevention. Prison, said Mr. Clark, is a high priced cure.

"According to surveys taken in 1949 and 1950 it costs \$88 a year to keep a boy on probation. A man in prison for a year costs \$800, a boy in an industrial school costs twice that amount and a boy in the Borealis institution for a year costs \$2,100," he explained.

The speaker told his audience that it is his job to make a case history of every youth under the age of 18 who is arrested. The probation officer then makes his recommendations to the magistrate trying the case. "The magistrate is not compelled to recognize the recommendations but we are finding that the police and court officials in this district are extremely co-operative," Mr. Clark said.

"We don't look after boys only. Men of all ages are likely to be put on probation," he explained.

Concluding, the speaker outlined a case history in which a boy, classified as a delinquent by the police, who would have gone to prison after his third arrest, was, on recommendations from the probation officers, given "another chance" and subsequently proved that the officers' confidence in him was justified.

Hares have long ears and long legs. They are like with a well-developed coat of fur, and with their eyes open.

Free Yourself from laxative slavery

Try this delightful family breakfast treat! Eat a generous bowlful (about 1/4 cup) of crisp tasty Kellogg's ALL-BRAN with sugar and cream. Drink plenty of liquids. ALL-BRAN is the natural laxative cereal that may help you back to youthful regularity, lost because of lack of bulk in your diet. It's the only type ready-to-eat cereal that supplies all the bulk you may need. High in protein and iron... not habit-forming. Why don't you try it? Kellogg's is so sure you'll like ALL-BRAN that if you're not completely satisfied after 10 days, send empty carton to Kellogg's, London, Ont., and get DOUBLE YOUR MONEY BACK!

Vernon Gains One Game Edge In Battle For Second Place

KELOWNA — Vernon Canadians regained sole possession of the OSAHL's runner-up spot here Thursday night by topping the Kelowna Packers 7-2, mainly on the merits of their own aggressiveness but with almost an equal portion of sloppy defensive work on the part of the homeesters.

The decisive win in the all-out battle for a favored spot in the forthcoming playoffs was Vernon's first victory on Kelowna ice this year.

The speedball Canucks gave notice of their intent from the beginning, swarming all around Roy McMeekin and driving in two goals before the game was a minute and 31 seconds old. They not only bewildered the Packers but kept them in a state of near impotency from there on.

Even when holding the man advantage, which they did five times for a total of 10 minutes, the Packers could not solve the Vernon defence system nor organize a facsimile.

The avowed policy of being less strict in calling infractions resulted in a rough and abusive affair. Ill-feeling finally erupted in a free-swinging, gloves-off duel between Frank Kuly and Alex Ritson late in the third, with Ritson getting a slight edge in the exchange. Both cooled off for five minutes.

Just a few seconds before Ritson and Howie Amundrud were on the verge of open warfare but team-

mates and referees separated the two. There was no penalty.

Sparking the Canucks to their important victory were Bill Tarnow and Ching Dheere, both figuring in three goals. Tarnow scored two and helped on another while Dheere got one and two assists.

Other Vernon goals went to Ritson, Bud Andrews, Len Wallington and Tom Steyk.

Joe Kaiser and Mike Daski scored for the Packers.

VERNON — Goal, Dobson; defence, Gokas, Lane; centre, Milford; wings, Tarnow, Dheere, Sub-Jones, Wallington, Lucchini, Merluck, Ritson, Andrews, Steyk and Watt.

KELOWNA — Goal, McMeekin; defence, Kuly, H. Amundrud; centre, Daski; wings, Durban, Roche, Sub-Jones, K. Amundrud, Lowe, Robertson, Hoskins, Horgeshimer, Carlson, Hanson.

First period — 1, Vernon, Tarnow (Dheere) 1:10; 2, Vernon, Dheere (Milford, Tarnow) 1:31; 3, Kelowna, Kaiser (Lowe) 18:52; 4, Vernon, Ritson (Andrews, Lucchini) 19:39. Penalty — Watt.

Second period — 5, Vernon, Tarnow (Dheere, Milford) 12:33; 6, Kelowna, Daski (Hoskins, Roche) 17:28; 7, Vernon, Wallington (Jakes, Gokas) 18:02. Penalties — Watt (2), Gokas.

Third period — 8, Vernon, Steyk, 3:58; 9, Vernon, Andrews (Ritson) 13:31. Penalties — Gokas, Lane, Kuly (major), Ritson (major).

M. P. Finnerty Confident Important Legislation Will Not Be Shelved

Speaking before the sixth Annual Convention of the Federation of Fruit and Vegetable Workers' Unions (TLC) on Friday, Maurice Finnerty, MLA for Similkameen, stated that he had every confidence that the government will introduce legislation concerning amendments to the Hospital Insurance Act, and the Workmen's Compensation and Industrial Arbitration and Conciliation Acts into the House at the forthcoming session, and that this legislation will be passed.

Mr. Finnerty told delegates to the three day convention in the Hotel Prince Charles, "Organized labor in British Columbia has been looking forward to long-promised changes in the Hospital Insurance Act, the Workmen's Compensation Act and the Industrial Arbitration and Conciliation Act planned for the forthcoming session of the Legislature."

"According to some current press reports, and to statements by some political leaders, these changes should be shelved until after the

next election."

"I, for one, believe that the changes should be made at the forthcoming session," Mr. Finnerty said.

"I have every confidence that the government will introduce the legislation into the House, and that it will be passed," he declared.

"There are some who would rather not go on record as to their stand in these matters. The proper place for legislators to make their decisions in this matter is on the floor of the House, and not on the political platforms during the forthcoming campaign," Mr. Finnerty concluded.

Dr. Dave Boyd will represent the Junior Chamber of Commerce at the meeting of the Penticton unit of the Canadian Cancer Society to be held here February 19.

A wire fence jointly constructed by Finland and Norway, to keep reindeer herds in Finland, will extend 275 miles.

Nearly 70 percent of the United States supply of iron ore has long been provided from open-pit mines in Minnesota.

At it again!

They're burning the midnight whale-oil at the North Pole.

Christmas is past, but another December 25th lies ahead. And Santa is already going right ahead with his preparations — as many wise Canadians are doing, too, at the B of M.

Many Bank of Montreal customers have already opened special Christmas Savings Accounts at "My Bank"! They plan to deposit a small sum each payday throughout the months ahead. This dollar or two — which they are determined never to miss and not to touch — will snowball into a generous amount for Yuletide expenses by the time "Jingle Belts" is again No. 1 on the nation's hit parade.

Follow the happy lead of the wise old boy of the North Pole... by starting your preparations today. You can open a Christmas Savings Account for as little as one dollar at any branch of the B of M.

MAKING THE MOST OF YOUR MONEY

Saving for special purposes and for long-term needs goes best when it's part of a really individual plan for managing your money. Ask for your copy of "Personal Planning" — the booklet that tells you how to live within your income and save — at any branch of the B of M. Pick up your copy today — when you're opening your Christmas Savings Account!

MC & MC

"You Always Do Better At Mc & Mc"

Spills Heather

The rustle of Spring can be heard in the very NEW real silk dresses this year! There's a smoothly tailored casual in this delectable fabric here at Heather's now—and styled by SHELACK himself. It's in navy (always SO right) silk with frivolous harlequin dots in SHOCKING pink!

Spring, Summer, Fall, Winter—whatever the season, a basic black is a VITAL part of any wardrobe! Take our suit dress by Warsh, for instance. The straight skirt is always a figure flatterer and the little jacket can be accessorized into all-occasion correctness. And it's only ONE of our clever basic blacks—maybe it's the one for YOU!

Teen-agers are not neglected in the Spring forecast! Jonathan Logan has sent us just the thing to brighten up those sleepy spring school days. It's the sweetest little plaid casual dress EVER; and what a relief from heavy winter clothes the lighter weight will be! Smart enough for DATING, too.

Some of those Spring breezes can be a little nippy! So what could answer the purpose better than a dress in one of the lighter, softer Spring wools? At Heather's right now, there's one of these NEW wools in creamy Buttercup Yellow. Rows of tiny tucks edge the keyhole neckline and are repeated in the whirl of a circular skirt. NEW and SMART!

Spring wouldn't be Spring at all without a new navy dress. Choose yours soon at Heather's. You must see the lovely model by Ann Louisa—an original, no less, by fashion of navy, tricotina and features the VERY 1952 cape sleeve lined with crisp taffeta. There's a touch of red in the gay flower on the shoulder and the dress is frosted with a dainty white collar. Sound good? Looks even better!

The shirtwaist dress is always HIGH style—and it's the same this year! Only the new shirtwaists are even BETTER. Nan Taylor has sent us her version in rayon crepe—one of the nicer, newer rayons. It's designed specially for those of you who take a half-size and in the softest, most delicate Petal Pink! Spring forecast for '52 — A LOVELIER YOU!

Sincerely,
Heather
Heather's... the finest in Fashion and Fabric.

Packers And Growers Must Work Together Garrish Tells Union

The problems confronting the fruit industry today are of as much concern to the packers, and to the union representing them, as they are to the growers, BCFG president Arthur R. Garrish told delegates to the sixth annual convention of the Federation of Fruit and Vegetable Workers' Unions in the Hotel Prince Charles on Friday afternoon.

Because of this similarity of interests, they must work together in studying their problems to find solutions, which, if not perfect, would at least give the greatest degree of satisfaction to the greatest possible number in both groups, he said.

Mr. Garrish, in a prepared speech, said that while it undoubtedly might be satisfying to "jump down somebody else's throat when they disagree with you," it was doubtful whether such tactics in the past had ever led to a clearer understanding of the problems confronting man, or any closer to a solution of those problems.

"As fruit growers, I think we have learned that lesson the hard way," he said, "but we have learned it well."

"We know that reason and understanding, the ability to discuss our problems and the will to compromise, are essential prerequisites to achieving any solution of them."

He said that there were, in the industry, two main groups; those who by their labor produce fruit and vegetables, and those who by their labor sort, packed, and stored them for market.

The future of the industry itself depended upon the degree of understanding and harmony which existed between these two main groups.

"In all agriculture there is an

apparent conflict of interest between the producers on the land and those who prepare the produce for market, and nowhere else in agriculture is this conflict brought into such sharp focus as in our fruit industry," Mr. Garrish continued.

This was largely because, with packing mostly carried out on a co-operative basis and with the selling of the crop done entirely on that basis, any increase in the cost of preparing the fruit for market was immediately apparent in the form of a direct deduction from the pool prices of the selling agency, resulting in a lesser net return to the grower for his produce.

"In these circumstances, it would not be strange if a conflict of interests should develop between these two main groups, and yet I think you will agree that such a conflict if carried far enough could only be ruinous to both parties, and lead eventually to the destruction of our industry," Mr. Garrish warned.

He thought it undeniable that in any such conflict, the deciding factor ultimately would be the ability of the producer to continue in production in the circumstances in which he found himself.

"We are both of us, growers and packers alike, primarily interested in the future of this industry; in keeping this valley of ours a good place in which to live and in which to have our homes and to raise our families; a place where we can send forth a reputable product to markets all over Canada... and for which we can ask a fair return," he continued.

"If this statement is true... then surely with such a similarity of interests, by working together and studying our problems, we can find a solution which, if not perfect, will at least give the greatest degree of satisfaction to the greatest possible number in both groups."

Mr. Garrish said that, if it was agreed that the future of the industry was of primary concern to both groups, and, if it was also agreed that the future of the industry depended upon the ability of the grower to continue to produce the fruit and vegetables upon which the industry was based, and that, if that continued production was dependent in the final analysis upon the returns which the grower received, then it would seem obvious that all parties interested in the industry should "bend every effort to ensuring that that return to the grower is maintained so that all may share in the benefits of a thriving industry."

"No effort on the part of the grower alone could succeed unless his product was carefully packed so that its reputation on the markets might be maintained or enhanced, and so that the utmost could be derived from the sale of it."

"But no one could expect the packer to turn out a quality pack from that portion of the crop which was of very doubtful value."

He made a plea for less rough handling of fruit by packers and carloaders. Anything else would lead to the "ruin of the grower, and will ultimately lead to him, hand in hand with his friend and erstwhile employee, the packer, leaving the valley and seeking employment elsewhere."

Given an understanding of basic issues, and given co-operation between the two groups, Mr. Garrish said he felt certain they could go a long way to ensuring that the consumer was supplied with a satisfactory product.

"I personally do not believe that the consumer has reached the limit of his ability to pay for our produce," he said.

"It has been demonstrated time and again that in terms of purchasing power of the dollar, and in terms of the hours of work necessary to secure that dollar as compared with pre-war, the consumer in getting an excellent bargain in almost all agricultural products, and particularly in our own," he concluded.

But he did believe that the consumer had reached the limit of what he was prepared to pay for much of what was being offered to him at present, either because of poor quality in the first place, or because it had been handled or stored in such a way that it had lost its appeal.

Won't Go Far With This Oar

Union To Discourage Running Night Shifts In Packinghouses

Delegates to the annual convention of the Federation of Fruit and Vegetable Workers' Unions here this week unanimously approved a resolution designed to discourage night shifts in the packinghouses.

The resolution was changed from its original wording to read, "whereas some packinghouses are working short night shifts, and people in and out of the industry work these shifts without receiving overtime pay, taking the livelihood away from those who need it, be it resolved that we ask our negotiating committee to do all in their power to discourage this practice and to negotiate for higher night shift rates."

During the discussion it was pointed out that people working a packinghouse shift after their eight hours at their regular job are doing packinghouse employees out of additional pay because the house managers do not have to pay these extra workers overtime rates.

It was suggested that "under the conditions of inflation in which we operate, we would be doing a favor to the public at large, and to the country as a whole, in extracting from the consumer more money for our produce, and in so doing, drain off some of the pressure for manufactured goods which is leading to constantly rising prices and is causing further inflation."

REMOVE PRESSURE
If the industry could remove some of the pressure in this fashion, then the members of the industry would not only be better able to buy those things which they require to remain in business, but they would also be faced with less competition in securing them in the open market, he said.

"If we are to do this, however, we must present such a product to the consumer that he will not only cheerfully pay the price we are asking, but will also buy in the quantities necessary to move our whole crop," he added.

"That this can be done, I have no doubt, if all of us apply to the task our full energies and the knowledge we already possess."

Much could yet be done to improve the efficiency and economy of packinghouse operations, he stated. Some of these improvements involve large outlays of capital, and are dependent upon the growers' ability to finance them over a period of years.

Mr. Garrish said he felt certain the industry could broaden its approach still further to its problems and continue to face them as a united industry. If there was active determination on the part of both union and producer to work together and a positive "will to co-operate with both of our groups approaching our differences in a spirit of compromise," it could well be that the industry could establish on an overall basis a model for other industries elsewhere in the country and in the world.

"I think it can be fairly contended that the fruit growers in this tree fruit area have established a model for other agricultural commodity groups in the conduct of their own affairs," he concluded.

Cost Of Sandbags Up; Now Worth 25 Cents Each

B.C. residents had better keep their fingers crossed that sandbags will not be required to keep back rampaging flood waters.

Reason? The cost. Couple of years ago, the bags were worth around 10 cents each. Monday night Kelowna City Council was officially advised they are now 25 cents.

The city's stockpile of 5,000 bags is almost depleted, and city fathers are anxious to obtain more. No action was taken after council learned the cost had more than doubled.

Bruce Emerson, former Penticton lawyer represented the International Woodworkers of America in a conciliation discussion with two sawmill operators last week, at Vernon.

Increases In Compensation Long Overdue

The increases in compensation which labor has been asking for are long overdue, Chris Pritchard, commissioner of the Workmen's Compensation Board told delegates to the annual convention of the Federation of Fruit and Vegetable Workers' Unions in the Hotel Prince Charles on Saturday morning.

"The wage picture has changed," he said. "Wages have gone up tremendously and still the compensation remains the same."

Mr. Pritchard explained that at present a worker receiving compensation gets 66 and two thirds percent of \$2,500 a year. That would mean, the compensation board would pay the maximum of \$4.56 a day, \$31 a week and \$138 dollars a month.

"How can a man with a family, earning \$30 a week, live on \$31 a week?" he asked.

"The board can only pay what the legislature, in its wisdom, allows us to pay," Mr. Pritchard continued. "The wrong people are being attacked. The board can only administer an act."

He stated, however, that the Sloan Commission, is studying recommendations for amendments to the act. Both employers and unions have sent in briefs on the subject.

While some of these briefs ask for a 100 percent increase, the majority of them are asking for a 75 percent increase, Mr. Pritchard declared.

He disclosed that there has been agitation lately for the institution of an appeal board where claimants may appeal from the decisions handed down by the compensation board.

"Labor is generally not in favor of this," he said, pointing out that there would be no further appeal from the decision of this appeal board, while a claimant may bring his case before the compensation board for revision if he is not satisfied.

He told the delegates that the board dealt with 76,698 cases last year and only 774 of these cases were turned down.

"Compensation is a matter of cause and effect," he said, "If we have no accidents we will not have any compensation."

Stressing the need for safety programs, he disclosed that there were 310 accidents reported to the board in the canning and packing of fruit and vegetables industries last year. The highest percentage of these cases occurred from over exertion

while lifting.
He emphasized the necessity of reporting an accident immediately to the employer, and then to the compensation board as soon as possible.

SNOW REMOVAL
Meeting Monday City Council gave initial reading to by-law 1127 which amends the streets by-law to include legislation which make the removal of snow and ice from sidewalks and roofs mandatory.

Wearisome Bronchial NIGHT & DAY COUGH

Can't sleep for coughing? Bronchial tubes full of tightly-packed phlegm that no amount of coughing seems able to dislodge? So tired from your wearisome bronchial cough you can't work properly? Then here's GOOD NEWS! Try Thompson's RAZ-MAH Capsules. Quick, satisfactory relief. Strangling phlegm loosened so it comes away easily. Get RAZ-MAH from your druggist. 65c, \$1.35.

ASPARAGUS ROLLS

Cut a slice of brown or white bread. Spread with mayonnaise or soft cream cheese which has been moistened with mayonnaise. Place two asparagus tips end to end with tips at each corner of the bread. Roll cornerwise, and cut roll in place with toothpick until time of serving, then cut in half.

In a changing and uncertain world...

nearly five million Canadians face the future with greater confidence because Life Insurance serves them these four ways!

1. Each year, life insurance provides many thousands of Canadians with money to meet some of their most important needs. Last year, life insurance companies paid out \$240 million in benefits to Canadians.
2. Today, more than ever, Canadians rely on life insurance as the easiest, surest way to provide financial security for themselves and their families. A record total of almost \$2 billion in new life insurance was purchased by Canadians in 1951. This brings the value of life insurance owned by the nation's policyholders to another new record sum of \$17 billion.
3. Canadian communities from coast to coast continue to progress — thanks in part to the investment of life insurance dollars.
4. Life insurance dollars help to check inflation! One of the most powerful forces at work to protect the value of your dollars is the sum of money entrusted to life insurance companies by their policyholders. This "money for the future" helps check inflation and thus strengthens Canada's economy — at a time when our country must be strong in every way.

Varied Prints Favored For Spring Fashions

Gone are the days when a print was synonymous with crepe. This spring a print can still be crepe, silk or rayon, but it can also be taffeta, Shantung, silk twill, chiffon, silk organdie, nylon sheer or net, which makes for a wider scope for prints, both in time of day and type of dress, suit or coat. And an important use is for linings to match a blouse or dress.

The prints themselves are wide in variety, too. There are the miniatures, tiny geometrics, checks and polka dots. There is a revival of the spaced floral, sometimes small, sometimes oversized, but always widely spaced. There are conversation prints, depicting real objects, such as butterflies, coins, old-fashioned cars. And there are stripes and plaids.

In color, there is freshness, with emphasis on white grounds and off-white grounds, such as platinum and cream. Tone-on-tone prints—pale grey on dark grey, beige on cocoa—make wonderful day-long clothes. Monotones do the same—with emphasis on black-on-white and white-on-red. Multi-color prints vary from color on white to color on high shades.

Scottish Theme At Nurses' Tea

Typically Scottish in its theme the "Robbie Burns Tea," held Saturday in the Legion Hall under the sponsorship of the Penticton Chapter, Registered Nurses' Association of B.C., delighted its many patrons with its original decorative motif and delicious tea.

Plaid covered tea tables were centred by small containers holding purple thistle and heather which added the authentic Scottish touch. Tea in small individual "Burns" tea pots accompanied the scones, oat cakes and short-bread served to the guests.

Mrs. A. Rothfield, president of the local nurses' association, received the many guests attending the annual affair.

The general convener of arrangements, Mrs. John N. Pearson, was ably assisted by various committees. Mrs. M. Matts and Mrs. Joan Gale received the tickets at the door. Mrs. Fred Paul, Mrs. F. W. Volkman and Mrs. Lorne E. Chambers were in charge of the home cooking sale and Mrs. W. Lucky supervised the serving of the tea and kitchen details.

Mrs. Hugo Emanuele held the winning number when a ticket was drawn by Mrs. W. A. Rathbun for the spring flowers which had been previously used as a floral centre piece for the large lace covered tea table.

EASIER IRONING

Toss a pinch of salt into your starch when you're making it up for washday. You'll find you have an easier time when ironing time comes.

Two tablespoons of sweet pickles, two tablespoons of chili sauce, and one-half teaspoon of Worcestershire sauce added to a cup of French dressing make a tangy accompaniment to a salad of crisp greens and sliced cooked shrimp.

AIR THOSE BLANKETS

Daily airing of blankets in use not only is good sanitary practice but helps them last longer and hold their fluffy warmth and comfort.

Needlecraft News by Pauline Roy

SLIP COVERS ARE important at any time of year because upholstered furniture takes a great deal of use and abuse. Open windows and doors in the summer, and dust from heated houses in the winter allow dust and grime to collect. These particles ingrain themselves in your fabrics and it's almost impossible to loosen them. It's wise and economical to cover your upholstered chairs and sofas with slip covers. These covers can be as bright and attractive as the original covering. In fact, many home-makers buy furniture in muted colors and then cover it with colorful slip covers, keeping them on all year long. They can be beautiful as well as utilitarian. The smartness of your slip covers depends upon a clever color scheme, suitable fabrics for your individual pieces, and fine tailoring. The beautifying effects of slip covers is within the scope of every budget.

Crocheted Covers Another way to protect your chairs is to use chair sets. With them you can keep upholstered chairs fresh, cover an expensive damask armchair at the strategic points of stress and strain, camouflage the worn arms of that comfortable chair with good-looking chair sets that beautify as they protect. Chair sets may be a small detail, but they contribute to the smooth performance, the pleasant scenic effects of your home.

Attractive Cobblestones Here's a set you'll be proud to place on your chairs and sofa, particularly after you make it yourself. Clusters of crocheted lend an effect that's different and interesting. Chair back measures 11 x 18 inches, and the arm pieces each measure 8½ x 10 inches. The set is crocheted of mercerized cotton, and you'll be able to launder it over and over again. If you would like a leaflet giving directions for making this COBBLESTONE CHAIR SET, send a stamped, self-addressed envelope to the Needlework Department of this paper requesting Leaflet No. C-105.

Caramel Candies May Be Used As Diphtheria "Booster Dose"

NARAMATA

Mr. and Mrs. E. Sammet arrived home Thursday from a month's holiday visit in California.

Miss Ruth Simpson, dean of women at the Leadership Training School, was soloist at the morning services in the Naramata United Church. Others participating in the church service were Miss Kay Sanders, Calgary; Miss Marion Van Slyke, Red Deer, Alberta; Miss Waukena Alendal, Sarnia, and Howard Luxton, Naramata.

Week-end visitors with Mr. and Mrs. J. E. T. Warrington were their son-in-law and daughter, Mr. and Mrs. R. Coughlan, of Oliver.

Rehearsals will commence February 4 on the second of three plays to be presented in March by the Naramata Women's Institute. The play with a cast of six was written by an Institute member, Mrs. Perry Darling, and will be directed by Mrs. Philip Rounds.

Mrs. W. H. Whimster left Thursday for Trail where she was called due to the illness of her father.

Guest lecturer at the Christian Leadership Training School for the current two-weeks' course of lectures is Rev. Milton Little of Sarnia. "Introduction to the Old Testament" is the topic of his addresses.

Mrs. Ian McLean of Brookmere was a brief visitor last week at the home of her brother-in-law and sister, Mr. and Mrs. W. O. June.

The Guild to St. Peter's Anglican Church will hold its next regular meeting, February 6, at the home of Mrs. W. S. Beames.

T. Traynor has returned home from the Penticton Hospital where he has been a patient for several weeks.

Mrs. Lloyd Day has received word of the sudden passing of her father, W. J. Inglis, at Portage La Prairie, Manitoba. The late Mr. Inglis had been visiting for several months in Naramata and had returned to Manitoba only two weeks ago when his death occurred on Wednesday of last week.

The elections of the second term student council executive of the Training School were held Saturday. Miss Marion Van Slyke, Red Deer, is president; Fred Clappison, Hamilton, Ontario, vice-president; Miss Audrey Clark of Rosebud, Alberta, secretary, and Philip Lee of Spring Coulee, Alberta, treasurer.

The regular monthly baby and pre-school clinic will be held in the Naramata Community Hall, Tuesday, February 5, from 2:30 to 3:30 p.m.

The Recipe Corner

A bowl of piping-hot tasty soup is very satisfying as a main course at the luncheon or supper meal when a rich dessert is served.

BOSTON CLAM CHOWDER

1½ pound salt pork, diced
2 onions, diced
3 cups raw potatoes, diced
Salt and Pepper
1 quart shucked clams, chopped
4 cups scalded milk
2 tablespoons butter
Fry pork until crisp, add onions, cook 3 minutes. Add potatoes, seasonings and water to cover, cook 15 minutes. Add clams with their liquor and simmer until potatoes are tender. Add scalded milk and butter.

SPLIT PEA SOUP

1 pound dried split peas
2 quarts cold water
1 large onion, chopped
1 carrot, chopped
2 stalks celery, chopped
2 sprigs parsley
1 ham bone, or small shank end
Pinch of thyme
1 bay leaf
½ teaspoon pepper
Salt, if needed.
Wash peas, add cold water, vegetables and seasonings — all except salt, which should not be added until cooking is complete. Simmer for 1 to 1½ hours, or until peas are tender and liquid partially cooked down. If desired, thicken slightly with flour and butter paste. Remove any meat from bone, dice or shred, add to hot soup. Season with salt, if necessary. Serve hot with croutons.

VEGETABLE BARLEY CHOWDER

4 tablespoons bacon dripping
1 onion, chopped
4 stalks celery, chopped
3 carrots, sliced
1 potato, diced
1 small turnip, diced
3 cups hot water
Salt and pepper to taste
¼ teaspoon marjoram
¼ cup barley
3 cups milk
1 tablespoon chopped parsley.
Melt fat in large saucepan, add vegetables and brown lightly. Add water and seasonings, bring to boil. Add barley, cover and simmer about 1 hour and 15 minutes, stirring occasionally.

Add milk and chopped parsley, reheat to serving temperature. Serves four.
For country-style dining choose a yellow and green setting of fresh from the garden colors. A toy cart, stuffed with vivid red geranium blooms, creates a charming rustic centerpiece.

A damp towel beneath the mixing bowl or cutting board anchors it to the kitchen table, frees hands for work.

The famous harbor of Marblehead in Massachusetts was settled by English immigrants in 1629.

Ilka Chase Compares Blue Bonnet — It's Her Favorite!

Want to get good reception? Here's an idea from Ilka Chase. Compare Blue Bonnet Margarine with any spread at any price. Like the famous television star and author, you'll love the delicate, sunny-sweet flavor of this fine-quality all vegetable margarine. You'll appreciate Blue Bonnet's nutrition. And you'll welcome its real economy. So buy Blue Bonnet and get "all 3" — Flavor! Nutrition! Economy! Use it in cooking on vegetables, as a delicious spread.

Blue Bonnet Margarine is sold in two types — regular economy package with color water, and also in the famous YELLOW QUICK bag for fast, easy cooking.

CANADIAN GENERAL ELECTRIC COMPANY LIMITED

BETHEL TABERNACLE

Sunday, February 3rd, 7:30 p.m.

"DEAD or ALIVE — WHICH?"

Decide for yourself after hearing this remarkable story.

Last Sunday night, Miss Parmenter told the wrapt audience that filled the Tabernacle how she came to choose the profession of dancing as a career and vocation in life, and how God, answering her Mother's prayers, saved her soul and transformed her life. Tonight at 7:30 p.m. Miss Parmenter will continue the story of God's grace towards her, as she relates the account of her miraculous deliverance, again in answer to prayer, after four physicians had pronounced her dead. You will thrill to this great testimony of God's wonder-working power.

EVERYONE WELCOME

Bigger Air Post Parcels Allowed After February 1

Adjustments in the limit of weight and size for air parcel post will be made on February 1, it is announced by the Canada Post Office Department.

On that date, the maximum weight of an air parcel will be increased to 25 pounds from the present limit of 5 pounds.

In addition, the maximum size of such a parcel, at present 24 inches for any one dimension and 50 inch maximum for length and girth combined, will be raised to 36 inches for any one dimension and 72 inches for combined length and girth.

The rates on air parcel post have been reduced. These changes have been made for the purpose of extending the use of this facility, and particularly of enabling commercial firms to more fully benefit by its use.

Dead Letter Office Claims 90,000 Items Of Christmas Mail

Insufficient addressing, together with the sender's failure to wrap and pack parcels properly has resulted during the Christmas season in nearly a million mail items reaching the Dead Letter Office throughout Canada, instead of the addressees intended.

In fact well over 900,000 items of mail of all classes posted in our larger Canadian centres during the Christmas season were found to be undeliverable chiefly through faulty addressing alone, the Dead Letter Office officials of the Post Office Department declare.

In addition, a considerable quantity of figures continues to be sent through the mails, though such practice is contrary to postal regulations, with the result that it must be sent to the Dead Letter Office and destroyed.

BESFORD, England.—The historic bells of St. Martin's Church have been restored after 40 years' silence. One of the bells is dated 1261.

A REAL THRILL is in store for the young and old of England when these seven Indians from the Morley Reserve, west of Calgary, arrive in Great Britain aboard the Empress of France. They will perform for a circus in England for a period of up to two years. In this picture, taken aboard their special C.P.R. railroad car in Montreal, are left to right, front row: Rosie Bear's Paw, 18; Diane Rider, 4; Harold Bear's Paw, 6; Mrs. Eli Rider and Mrs. Handsome Bear's Paw. In the back row are Handsome Bear's Paw; Eli Rider; and cowboy Gerry Campbell from Banff, Alberta, who is in charge of the group.

City YFC Group Hears Seattle Evangelist

Harry Lidstrand, Seattle evangelist, addressed more than 200 persons at a Youth for Christ rally held at the Legion Hall here last Thursday.

Besides delivering the address Mr. Lidstrand also sang and played trombone solos during the first half of the program.

Paul Currie, Vancouver Youth for Christ director, will address the local group at the Legion Hall next Thursday.

The volcanic explosion on the island of Krakatoa in Java in 1883 was heard more than 1400 miles distant.

O! winnow, winnow, winnow all my folly and you'll find A grain or two of truth among the chaff. —W. S. Gilbert.

For a long time now we have been hearing complaints about the loss of the British market.

According to the grumblers, Britain doesn't buy enough of all the things we have to sell, including our own B.C. apples. Admittedly, international trade is just another of the many things about which I know rather less than nothing but I got the general impression that Britain was treating us rather shabbily.

At the same time, we are nearly deafened with the chorus of rejoicing about our trade with the U.S.A. Here, at least, we are assured, everything in the garden is lovely.

Somehow or other, I wasn't quite satisfied so I wrote to Gertrude's uncle in Ottawa. He's a shark at all this financial stuff. The last time I saw him he explained the law of diminishing returns to me. Of course, I didn't begin to understand it but he is a beautiful talker.

Well, I got a really long letter from him yesterday and he explains the whole thing so now I can explain it to you. Isn't that nice?

Uncle says there is much loose talk by uninformed people and some crooked talk by people who know better. He says the air is full of poppycock about our trade with Britain and gives examples from that highly respectable periodical, the Toronto Monetary Times which says, in the December issue:

"We might as well kiss the U.K. market goodbye for now and set about the problem of finding another market for our exportable surplus of food products and industrial manufactures."

Uncle says this is double talk because Britain has always bought more from us than we have ever bought from her. For instance, in the first ten months of last year we sold to Britain \$90 million worth of goods more than we bought from her and in the same period of 1950 the balance in our favor was \$1 million. Last year, British purchases in Canada went up whilst our purchases in Britain fell off.

Uncle says we should shut up walling about the loss of the British market and buy, at least, as much from Britain as she buys from us and then she would have dollars to buy lots more of our Canadian goods including B.C. apples.

Sounds reasonable. As regards trade with the U.S.A. Uncle asks me if I know that for the first ten months of 1951, Canada had an adverse balance of no less than \$457.2 million.

I'm afraid I didn't, did you? So, in the first ten months of last year, Canada had a nice, comfy credit balance of \$40 million from her British trade whilst that wonderful trade with the U.S.A. left her over \$457 million in the red.

Yet we grouse about Britain and slobber over the U.S.A. How come? There is another brilliant extract.

"We are so much inclined to think of Britain as shorn of her former mercantile power that it comes as some surprise to find that the United Kingdom is still on top of the shipbuilding pile."

If the writer were on top of his own job he would not be surprised because the figures are published regularly and, ever since 1946, Britain has never built less than 40 per cent of total world construction.

Here are some figures which may still further surprise this Rip Van Winkle on the staff of the Monetary Times: In September 1951 there were 368 vessels building in U.K. shipyards with a total tonnage of 2,271,640.

This was way ahead of everyone. France came second with just over half a million and the USA was fifth with a measly 377,000 tons.

There are orders on the books in the U.K. for over 6½ million tons of shipping, one third of which is for other countries.

"Comes as some surprise," indeed. Can you beat it?

There is another crape hanger in the editorial chair of the Toronto Financial Post. Here is an extract from an editorial published a few days after Mr. Churchill's election victory and, needless to say, before his visit here this month:

"In the United States there is growing boredom with Britain and wide scepticism as to what Mr. Churchill can achieve."

I don't think I'll make any comment on that one. I'll leave it to you.

I'm beginning to wonder who owns those papers. Of course, there have always been plenty of crape hangers where Britain is concerned. Probably the biggest year ever was 1941 when the whole U.S. was busy prophesying the swiftly coming defeat and total destruction of Britain by Germany. The Yanks were so certain that Britain was finished that they refused to sell her anything, including war material, except on a "cash and carry" basis. Do you remember?

However, at the end of that year there was an almighty sudden change of tune because of a spot of bother with some Japanese at a place called Pearl Harbour, which you may recall.

The next big year for U.S. crape hanging was 1947 when the whole press had a wonderful time gloating over the imminent death and burial of poor old Britain.

So loud was the chorus that even the English noticed it and the London columnist, "Sagittarius" wrote a distinctly amusing poem. I haven't room for it all but here are three verses:

"Who killed Cock Robin?"

"I," said U.S.

"With the whole of my press, I killed Cock Robin."

"Who dug his grave?"

"I did," said Heust,

"I started it first, I dug his grave."

"Who'll toll the bell?"

"I," said P.M.,

"With a full requiem, I'll toll the bell."

The English, of course, were too slow to know they were dead. They laughed. Just as they laughed through those long years of bombing.

—JACK POINT

Former City Man Plays Leading Role In Vernon Production

VERNON — Several of Vernon's better players will take parts in the Little Theatre's forthcoming production, "Shop at Sly Corner."

In the lead will be actor-director Bruce Emerson, who recently won acclaim for his work as both director and star in "Diet for Two Hands."

Others playing major roles are Dick Patterson, Charlie Ansell, Del Eastwood, Joyce Adams, Betty Knight, Stella Akimichuk, Dennis Lennox.

Casting is still in progress, although a start was made on rehearsals during the week.

Final dates for the production have yet to be set, although it has been tentatively decided to stage the play in mid-March.

FRUIT RANCH WANTED

We have a client desirous of locating in the Penticton District, on small tree fruit ranch of not more than 10 acres, good variety of fruit and fair home essential. Will pay up to \$10,000.00, terms half cash. Write and send full particulars to Mr. Strachan at SPENCER BUSHE & CO. LTD., 528 West Pender St., Vancouver, B.C.

"I thank you, too, for the glimpse you have given me of the greatness of this nation and the even greater future which is within its grasp. I have seen this future in the eyes of hundreds of thousands of your children."

Princess Elizabeth in her farewell speech to Canadians, St. John's, Nfld., Nov. 11, 1951.

What will his eyes see?

His eyes, so far, have seen little more than his mother's face. Soon they will see further... his home, his school, his town, his province, his country—the Canada that one day will be his.

From year to year, The Royal Bank of Canada's Annual Financial Statement is a measure of Canada's vitality and growth. The figures are cold, as figures must be, but the story they tell is an exciting story, for you and for your children.

Total assets of the Royal Bank have now passed the \$2.5 billion mark, a figure never before reached in Canadian banking history. Total deposits exceed \$2.3 billion, another Canadian record. Interest bearing deposits of nearly \$1,124,000,000—the highest point ever reached by the bank—are an indication of the thrift of Canada's citizens. Loans to Canadian farmers, fishermen, to manufacturers, to firms large and small, and to individuals exceed \$600,000,000.

These impressive figures are more than an index of the Royal Bank's record of accomplishment; they are a clear indication of Canada's economic health, and the scale of opportunity that is ours.

THE ROYAL BANK OF CANADA

ONE OF THE WORLD'S GREAT BANKS, GROWING WITH A GROWING COUNTRY

TOTAL ASSETS EXCEED \$2,500,000,000

OIL—Production of crude oil in Canada in 1951 was 48,097,000 barrels—up 37½% in ten years and 45% higher than 1950.

Big things are happening in Canada today

ALUMINUM—Canada is the world's second largest producer of aluminum. The half-billion dollar expansion programme now under way will double our aluminum capacity, making it approximately a million tons a year.

POPULATION—Canada's population has increased 20.7% in ten years. It was 13,893,000 according to the 1951 census.

MANUFACTURING—Over a thousand new manufacturing plants were opened in Canada between 1946 and 1950. Industrially Canada is one of the world's fastest growing countries.

STEEL—Canada produced 3,344,000 tons of steel ingots and castings in 1950. Production will be increased about one-third by the early part of 1953.

IRON ORE—Iron ore deposits discovered in Labrador have estimated reserves of 350 million tons of high grade ore. Development work has begun.

HYDRO-ELECTRIC DEVELOPMENT—Canada now has over 12½ million developed hydro electric horsepower. This is less than 22% of known resources. Installations now being built or planned will provide a further 2½ million horsepower.

Loafing for a Living

The "Loafing" or "Pen" type dairy barn is just one of the many recent improvements in farm buildings. You will be looking into new types of buildings, and new ways to arrange present buildings before you go beyond the planning stage of construction or repairs. Modern farm buildings are designed to save labour, protect herd health and lead to greater profits. Discuss your financial problems with the local Commerce manager. He represents a bank that has for many years taken a keen interest in promoting better farming and in looking after Canadian farmers' banking needs. Why not pay him a visit?

Trade Union Movement Built On Compromise, Says Bryan Cooney

"Not only the eyes of the press, but the eyes of the general public are upon us, watching very carefully the things we do—the decisions we make," Bryan Cooney, president of the Federation of Fruit and Vegetable Workers' Unions, told fellow delegates at the opening of the sixth annual convention of the federation in the Hotel Prince Charles on Friday.

More than 56 delegates, representing union locals in Penticton, Oliver, Osoyoos, Kaleden, Kelowna, Vernon, Okanagan Centre, Keremeos, Revelstoke, Naramata and Summerland attended the three day session. In the neighborhood of 60 resolutions were dealt with by the delegates, and representatives from all fields of labor and the fruit industry were heard.

The convention was officially opened by Mayor W. A. Rathbun, who congratulated the federation on "your progress and the good public relations you have been able to establish in fighting for the rights of your members."

An official welcome was tendered by J. R. Coffin, representing the Penticton Branch of the Canadian Legion.

In his remarks, President Cooney pointed out that the trade union movement is built on compromise. "No one gets, or ever will get, everything they want," he said, "but there is that common ground where everyone can agree. Everything that is lasting has been built on this ground."

Answering the frequent criticism that the union moves too slowly, Mr. Cooney said, "In building an organization we must be careful—we must make gains, but in such a way that we will not slide back—we must consolidate those gains."

GUEST SPEAKERS

Guest speakers at the convention included M. P. Finnerty, M.L.A. for Similkameen; F. L. Fitzpatrick, president of the Okanagan Federated Shippers' Association; A. R. Garrish, president of the BCFGA; Chris Pritchard, commissioner of the Workmen's Compensation Board; W. McKinstry, regional superintendent of the Unemployment Insurance Commission; James Thomson, deputy minister of labor and chairman of the Board of Industrial Relations; and William Salter, field representative of the federal department of labor.

A. T. Kobayashi, former secretary-treasurer of the federation, was the guest speaker at the banquet held in the Hotel Prince Charles on Saturday night.

Mr. Cooney was returning to office by acclamation in the elections held on Saturday afternoon. Other officers elected included: D. R. Leckie, Kelowna, secretary-treasurer (re-elected); J. H. Chadwick, Vernon, vice-president (re-elected); O. H. Misher, Oliver, vice-president (re-elected); Louis Burnell, Summerland, vice-president. The oath of office was administered by the federation's director of organization, W. H. Sands, of Kelowna.

NEW MEMBERS

Eight new members were included among the twelve guests at the Jaycees regular meeting last Thursday. Welcomed to the organization were Terry Cyr, Dr. David Boyd, Al Ferguson, Dave McFarland, Jim Burns, Bob Hall, Bert Christie and Harry Killick. Other guests were Alderman E. A. Tilchmarsh, Len Keenan, Gill Johnson, and Harry Jones.

Kamloops Supports Vernon's Plea For Natural Gas Line

VERNON — First support for the city of Vernon's drive to ensure the passage through the Okanagan Valley of the projected natural gas pipeline on its way from the northern Alberta fields to points on the west coast and south into the Interior and the United States, came last week in a letter from the city of Kamloops, read to the Council by Clerk Ian Garven at last week's regular meeting.

"Kamloops will support your efforts in every way possible," said the letter, which came in reply to Mayor A. C. Wilde's recent communication seeking aid in a combined pressure upon federal authorities.

Mayor Wilde also wrote to the Minister of Trade in Ottawa, seeking information and requesting consideration be given to the Yellowhead-Kamloops-Okanagan route to Trail in preference to passage through the Crow's Nest Pass. The Mayor felt adoption of the latter route would mean the delay of supplying of natural gas to the Okanagan in general—and Vernon in particular—for many years.

The City of Kamloops suggested in their letter that it would be wise to enlist the support of MLA Sid-

ney Smith and M.P. Ed Fulton.

Alderman R. W. Ley, charged with setting the wheels of the Board of Trade into motion as an additional medium of pressure upon the federal authorities responsible for approving the gas-line route, said he felt the Kamloops reaction was "certainly a step in the right direction."

"Apparently they are thinking along the same lines there. I think our efforts are very worth while."

The letter from Kamloops was ordered forwarded to the Vernon Board of Trade.

BUILDING FIGURES UP

SALMON ARM — Salmon Arm Municipal building increase for 1951 over last year is \$17,325 according to Municipal Clerk D. A. Johnson who says increases are general over the whole province. Average cost of dwellings here was \$3,065 and totalled \$70,500. Commercial was \$38,500, farm improvements \$4,050, and alterations were \$5,650.

Kelowna Kiwanis Install Officers

KELOWNA — R. M. (Bob) Johnston was officially seated as 1952 president of the Kiwanis Club of Kelowna at the annual ladies' night and installation of officers held last week in the United Church Hall. Vice-president is Jim Fox, treasurer is Syd Weston and secretary is Rev. D. M. Perley.

Directors for the new year are Ross Donaldson, E. Greenaway, Frank Griffin, Dr. T. Hackie, P. Perkins, C. B. Porter and B. Stewart.

Special guests were Mayor J. J. Ladd, who outlined the projects of the local club and paid tribute to their work, and J. Y. Towgood, Summerland, Lieutenant-governor of District 5, Kiwanis International, who was the installing officer. Musical entertainment was provided by Ernest Burnett, Mrs. E. Jensen and Mrs. M. Hall.

Following the banquet and formal installation proceedings, members and their guests adjourned to the Orchard City Social Club for the annual ladies' night dance.

Buckingham Palace in London was purchased by King George III in 1762 from the Duke of Buckingham.

Women are not allowed to serve on juries in 13 states of the U.S.

Are you 70 or over?

Starting January 1, 1952, the Government of Canada will pay a \$40 monthly Universal Pension to all who are 70 or over and who have lived in Canada for twenty years or more.

IN ADDITION...

the Provincial Government will pay to those who indicate need by passing an eligibility test, a cost-of-living bonus which ranges up to \$10 a month, and Health Services which include the payment of B.C. Hospital Insurance premiums and co-insurance, medical, optical, drug and limited dental care.

Persons who were receiving an Old Age Pension on December 31, 1951, will automatically be transferred to the Universal Pension, and will continue to receive a cost-of-living bonus and Health Services for as long as they continue to qualify for them.

To get these extra services, a person must have qualified for the Universal Pension. He must also have a total yearly income* of not more than that allowed by the provincial regulations.

A person must also have lived in B.C. for three years immediately prior to his application to qualify for the cost-of-living bonus, and one year for the Health Services.

*Total yearly income includes pension, other income, and an amount based on a calculation of assets (home, property, bonds, money in bank, etc.).

Your Imperial Life man presents his Company's Annual Report

Behind the success of the life insurance company is the sales representative who calls on you—your "life insurance man". It is fitting that Imperial Life representatives should present their Company's report because—

- It will be their privilege to inform the holders of participating policies that The Imperial Life has made provision for an increase in policy dividends.
- Through their efforts, benefit payments amounting to \$10,338,622 were made during 1951. This raises to over \$211,000,000 the total of the benefits disbursed to policyholders and their dependents since the Company was started.
- Chiefly as a result of their friendly and impartial advice to clients, \$79,150,094 of additional protection in the form of insurance and annuities was provided in the year—a new record. It brings the total in force in the Company to \$648,564,848.
- The savings which they have encouraged policyholders to make over the years through premium-payments work in three ways: (1) They build for individual and family security now and in the future. (2) Because the savings made are of a long-term nature, they help to fight inflation. (3) Assets, which result from savings and interest earnings and which assure the ability of the Company to meet its future obligations to policyholders, now amount to \$177,007,124 and are largely invested in loans to governments, municipalities, corporations and residential property owners. Thus they help to build for better living in the countries in which The Imperial Life operates.

Ask for a copy of the complete Annual Report. Your Imperial Life man or any of the Company's Branch Offices, will be glad to give you one.

City Fire Losses Less Than \$80,000 During Past Year

Two fires in the Hub buildings were responsible for \$71,950 damage out of the city's total of \$76,410 in 1951 according to the fire chief's annual report presented to City Council, Monday.

During 1951, 117 fire and nine inhalator calls were answered. Of these 33 were for chimney fires, 26 for residence fires, six car and boat fires 17 business premises fires, 25 brush fires and 10 miscellaneous calls.

Alderman W. D. Haddleton, complimenting the department on its efficiency during the past year, said, "the city should be proud of the department and the comparatively small losses due to fire."

From the files of the Penticton Herald

TEN YEARS AGO—1942

At the BCFA convention in Vernon, Dr. James Marshall, dominion entomologist, reviewed the codling moth situation. J. H. Black was unanimously elected president of the local board of trade. The Gyros were preparing for their annual "Snowball Frolic" dance.

Hon. K. C. MacDonald addressed the BCFA convention in Vernon. Over 100 parents were enrolled in the new Parent-Teacher association. Magistrate G. A. McLellan was re-elected president of the local branch of the Canadian Red Cross Society.

"Eliminate Graft from Politics" was the subject of an address by M. McLeod of Vancouver who spoke at the local Thrift club meeting.

The new president of the Ladies' Hospital Aid was Mrs. D. Reid. The Singers and Players club of Summerland arranged a carnival called "A Night in Spain".

Mrs. A. C. King headed the Osoyoos branch of the Red Cross. The high school drama club, under the direction of Miss K. McNab, produced three one-act plays, "As You Like It", "Where the Buffalo Roam" and "Minnel".

Dr. H. R. McLarty of the Dominion Laboratory of Plant Pathology at Summerland spoke on tree fruit diseases at the annual convention in Vernon of the BCFA.

Oroville high school basketball players lost to the Penticton teams 38-22 and 38-24. Four bowling alleys were to be built on the premises of the Hub Parlors.

Walt Disney's "The Reluctant Dragon" was playing at the Capitol Theatre. Elected to the executive committee of the Penticton Laborers were H. H. Rogers and E. Carder.

Dr. J. W. Smith, dominion veterinary inspector, addressed the local Rotary club.

Twenty years ago—1932. Doukhobor labor was resented in Penticton. The Penticton Rod and Gun club planned to catch a number of elk, which were invading Naramata and district orchards, and ship them to park reservations.

The Orchestra Society opened up their 12th season with a concert at St. Andrews Presbyterian Church where H. H. Rogers and E. Carder were re-elected to head the local board of trade.

Accounts amounting to over \$20,000 were passed for payment by the municipal council. Mrs. F. W. Midgley was re-elected regent of the IOOE Chapter.

Zero weather was prevalent in the Osoyoos district. Kamloops school teachers had a reduction in pay of 12 percent.

Penticton Intermediate "B" team downed the Keremeos seniors with a score of 37-16 and the Penticton girls defeated the Kelowna girls 44-9.

A father and son night was held at St. Andrews United Church in West

Summerland. The Gyros presented the show, "The Beauty Shop", to raise funds for the new park. Fruit Trees in Summerland were suffering in below zero weather. At local stores beef pot roasts cost 10 cents a pound, jam was 49 cents for a four-pound tin, and butter was three pounds for 65 cents.

Thirty years ago—1922. A carnival was held at Arasook pond under the management of L. A. Rathvon. A car loaded with basketball players slipped off the icy road on the way to Oliver and skidded down the bank. No one was injured.

Fire destroyed a millinery shop and the Palace Hotel at Oroville. The Dodi-mead competitions brought new interest to local curlers.

Penticton basketball team lost to Summerland 14-16. "Where is the Fire" and "Tolable David", starring Richard Barthelmess, were playing at the Empire Theatre.

The population of Penticton was believed to be nearly 4500. The Penticton thermometerers read above zero for the first part of the winter.

Three Penticton people carried off prizes at the Summerland ice carnival. High school puck players won an 8-6 game over Summerland, but the Beavers lost to Summerland 3-5.

C. E. Barnes, organization manager of OUG, addressed a public meeting of Peachland orchardists on the subject of the five-year contract.

In Naramata the Intermediate basketball team defeated the Scrubs 77-8, and the Bull Dogs lost to the Beavers 8-7.

There was no decrease in the unemployment situation in Penticton. A Kelowna-Penticton hockey game ended in a 3-3 draw.

W. Clayton, Dodi-mead, White and Blagdon on the Penticton curling team won the Trail cup at a bonspiel at Rossland.

Forty years ago—1912. The Penticton Mercantile Company building on Front street was completely destroyed by fire.

Of the \$18,000 damages, only \$8,000 was covered by insurance, and many telephone wires were damaged by the blaze.

T. J. Commiskey, inspector of Indian agencies, met with members of the Indian band for purpose of securing land for a right-of-way for the Kettle Valley railway line, for a park close to the town and for a rifle range.

A Norwegian trapper, Paul Johnson, secured \$1500 worth of skins in the district between Penticton and the Kettle Valley summit.

A play entitled "The Barrier" by Rex Beach was playing at Steward's Hall. Starred in it were Norval MacGregor, Eleanor Haber, Lee Miller, George Cleveland, Mattie Hyde, and Max Steine.

Ernest J. Finch, Of Oliver, Buried Here

Ernest John Finch, 69, of Oliver, died in Kamloops, last Thursday. Funeral services were conducted Monday, at the S. Saviour's Anglican Church.

Mr. Finch has lived in this province for 48 years. He lived for some time in Penticton and on his retirement went to live in Oliver. He is a native of England.

Surviving him are his wife Dorothy Elizabeth and two daughters Mrs. A. A. Day, Kamloops, and Mrs. R. G. Coates, Osoyoos. Also surviving are one son, Jim, of Grand Forks, and two brothers, Frank, of California and Robert in England.

Others surviving are two sisters, Mrs. May Lush, New Zealand and Mrs. J. J. Croft, Victoria.

The Rev. A. R. Eagles officiated at the services. Committal was made in the family plot in the Anglican Cemetery.

Penticton Funeral Chapel was in charge of arrangements.

Funeral services were held yesterday for Annie Isabel Moffat, 85-year-old Summerland resident, who died in the Summerland Hospital, Monday.

A native of Ontario, Mrs. Moffat has lived in this province for 41 years. She came to Summerland in 1921. Mrs. Moffat is the widow of the late John Moffat, an orchardist.

She is survived by two daughters Mrs. Alfred W. Johnston, of Summerland and Mrs. Robert Grant of Kelowna. Also surviving are six grandchildren and five great grandchildren.

Services were conducted from the Lakeside United Church by the Rev. H. R. Whitmore. Committal was made in the family plot, Peach Orchard Cemetery.

Penticton Funeral Chapel was in charge of arrangements.

Ninety-eight percent of the total weight of a tin can is steel, with the other two percent being the coating of pure tin.

Shoal Lake, Manitoba, agent for Gourey firm of piano manufacturing, planned to open a music store in Penticton.

A series of seven Cinderella dances were held at Steward's Hall. "Women's Suffrage" was the subject of a debate at a meeting of the Bible Class of the Methodist Church.

The secretary of the Overseas Club, Enderby branch, P. Rawlinson, planned to start a Penticton branch of the club.

Showing at the Dreamland Moving Picture House were an Arizona romance picture, a sea story and picture of Sir Wilfred Laurier's tour of Western Canada.

The Board of School Trustees planned to build a \$50,000 new school building.
